FATHER CRANE'S MESSAGE TO THE CLASS OF 1959
Dear Graduates,
Thirty-five years ago as a graduate I bade farewell to Jesuit High School and became an alumnus. As I looked back over my four years at Jesuit I was gratefully conscious that my Alma Mater had been truly a mother to me, helping me to grow and to develop and to acquire and appreciate many of the worthwhile things in life. I was deeply indebted to Jesuit High School

Secretaries

The secretaries, as an integral part of the Jesuit High School administration, often go unrecognized for their endless hours of aid to the school. These women serve our administration, faculty, students, and visitors with an abundance of useful information, while still working diligently at their jobs. The receptionist, serving as a vital information center for school schedules and activities, provides a link between the school and visitors. As an aid to the administration, the secretaries go through many hours of tiring work with mountains of paper work and miles of red tape. Yet, even after a long day at school, these women are still willing to help in any way. Some organize charity drives, while still others volunteer help in many school sponsored activities. Without their relentless assistance, the functioning of Jesuit High would grind to a halt.

Of the many volunteers working with the school, Mr. Ray Rizzo aids the community with his major role in the Alumni Office with Brother Booth, S.J. He serves as a bond between the school and its many friends and alumni.

Knowing that the lunch period is the busiest time of the school day, Mrs. Joy and the cafeteria staff strive to prepare and serve a variety of hot and cold lunches for the active Jesuit students. The unique, enjoyable personalities of the different members of the cafeteria staff help to add a relaxed change of pace to the sometimes monotonous routine of the school day.

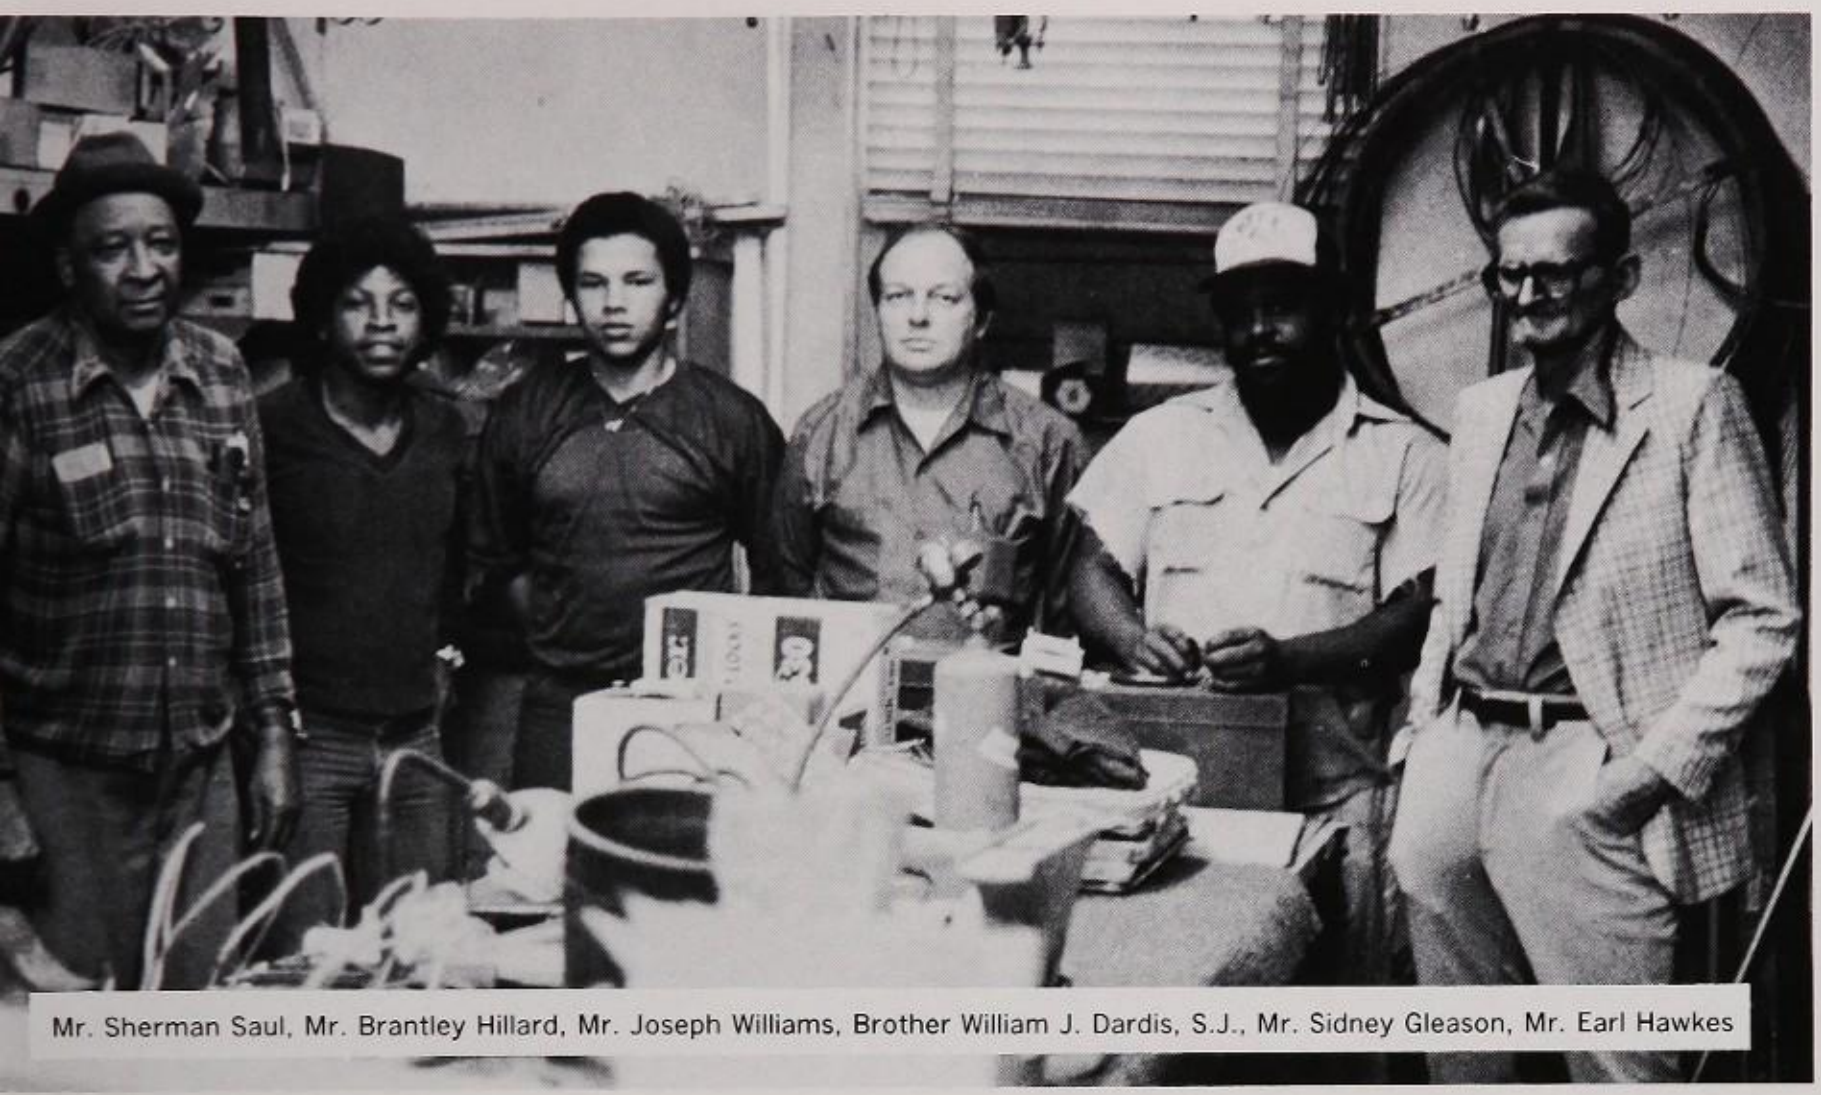
The men and women of the staff arrive at school early in the morning in order to ensure that the food will be of the high quality which they seek to obtain. Working throughout the morning periods, the cafeteria staff skillfully prepares the lunches and readies itself for the sudden rush of hungry students. The staff handles the rush with great ease and assertiveness as is portrayed by Mrs. Edna's never-ending smile. Then, as the lunch period draws to an end, the task of cleaning the cafeteria arrives. This task, however lengthy it may be, is always completed by Mrs. Esco Merrel with the assistance of other workers.

One of the new features of the cafeteria this year was the addition of a breakfast program, which allowed students to purchase cinnamon rolls and milk before school.

The year was successful because of the staff's feelings toward the students and their desire to improve the cafeteria standards.

Mrs. Edna Williams relaxes after lunch.

Maintenance



Mr. Sherman Saul, Mr. Brantley Hillard, Mr. Joseph Williams, Brother William J. Dardis, S.J., Mr. Sidney Gleason, Mr. Earl Hawkes

The endless upkeep of school grounds and property is the job of Jesuit's hard working maintenance crew. Under the leadership of Brother Dardis, S.J., Jesuit's plant engineer, the maintenance crew replaces worn or defective property, repairs important fixtures, and, in general, works to make the school more presentable.

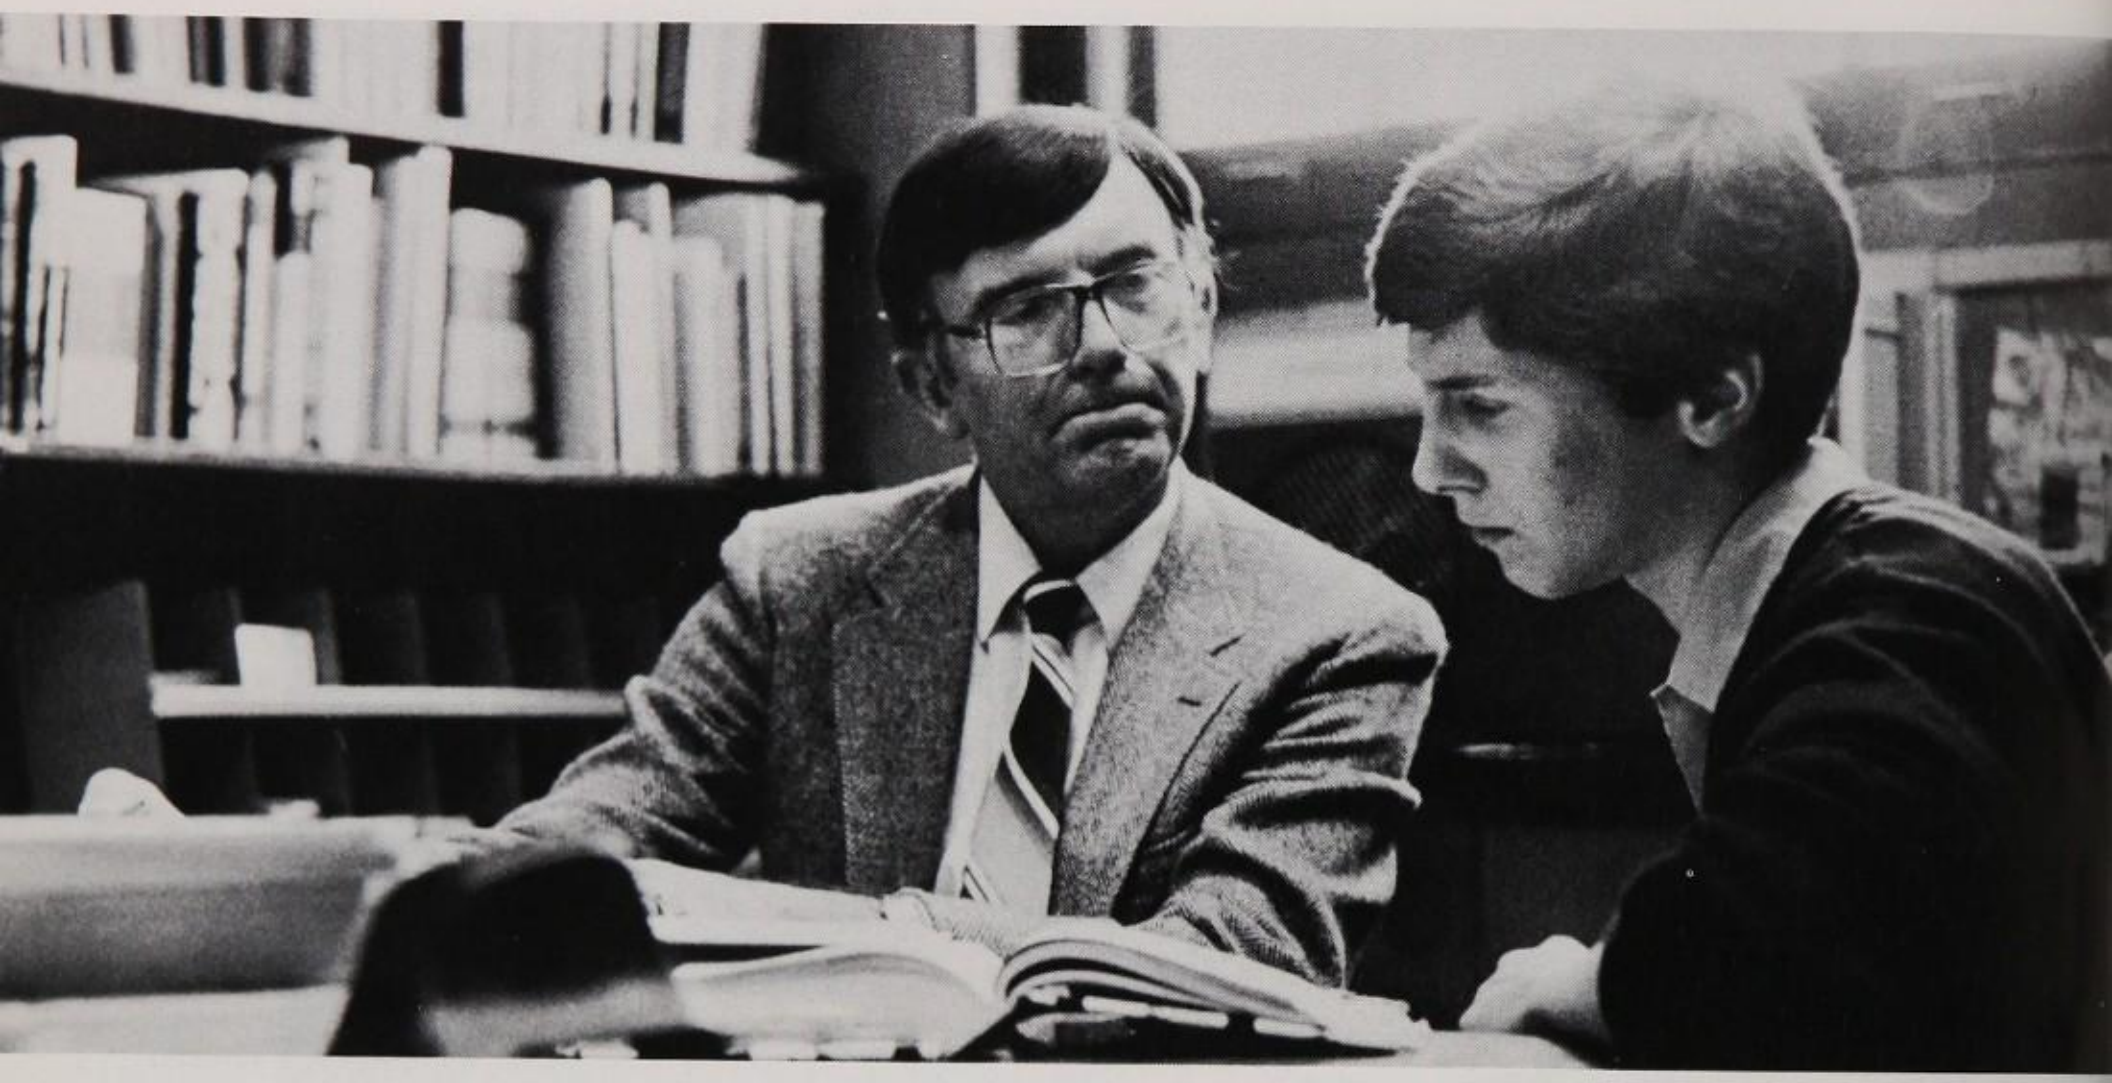
Since property at Jesuit, especially desks and carpeting, is in constant use, it is the responsibility of these industrious men to replace old equipment so that further destruction does not ensue.

Repairing the fixtures around the school is a difficult job, which the maintenance personnel always handle with great efficiency. Much of the electrical work, in particular the repair of lighting and the replacement of electrical outlets — which are of vital importance to the proper running of the school — becomes a major part of the crew's workload. Nevertheless, no matter how great the task may seem, Br. Dardis, Mr. Gleason, Mr. Williams, Mr. Hillard, and Mr. Saul work with great diligence to accomplish whatever is needed to solve the problem.

Accordingly, since the outer appearance of any establishment is the factor which influences people's views of that establishment, Br. Dardis and his crew seek to improve the most obvious exterior problems at Jesuit. Improvement of the school lawns and greenery are examples of these endless chores.

The school ground's upkeep is of great importance to the Jesuit community. Therefore, the work of Br. Dardis and his assistants is greatly needed and appreciated by all here at Jesuit.

Faculty



Jesuit High School is well known for its strong academic program — a college prep program that enables its graduates, not only to enter colleges and universities of their choice, but to obtain advanced placement initially and finally to complete successfully programs establishing them in all professions. However, the true focal point of Jesuit education is not primarily academic competence. First and foremost in the minds of Jesuit teachers is the **STUDENT:** his limits and his potential; his needs and his gifts; his problems and his aspirations. His teachers want to know him as a person, to challenge him in the academic and extra-curricular activities to overcome his limitations, to develop his potential, to grow in the love of God, to manifest that love through the service of his fellow man. The exemplification of that love of God through services rendered to their students is commonplace among the teachers at Jesuit High School.

THE GARBLED VIEWS OF A SPORTS EXPERT

The sports editor of one of the local papers captions an article as follows:

"PREP LEADERS SET BAD EXAMPLE FOR YOUNGSTERS IN REFUSAL TO ACCEPT RULING ON TITLE PLAYOFF"

This heading would lead the unsuspecting reader to two false conclusions. First that the Prep League instead of being a self governing democratic body controlled by the majority is instead an organization dominated by two or three members whose word is law and who lead the others around by the nose. Yet as a fact, all its decisions are made by a majority vote. Second, that these so-called leaders refused to abide by a majority vote concerning a "Title Playoff". Whereas the TRUTH IS that the ruling that was not accepted was made by ONE man—the President—acting in the role of dictator, a character very unpopular in this country at present.

FORMER JAY HONORED

Announcement was made yesterday that the trophy awarded annually to the best all-around athlete of Jesuit High School will be named in honor of a former Blue Jay Star—Lawrence W. Gilbert, Jr., Larry Gilbert, Jr., "Little Larry."

The trophy, which is sponsored by an anonymous donor, has been presented over a long period of years and has been merited by a large number of Jesuit stars.

JAYS ANSWER UNWARRANTED ATTACK

(This story is written on Saturday, May 16, 72 hours after a local paper had said that it would print Jesuit High School's "side" of the current baseball war.)

At the end of the first round of the prep baseball season, representatives of seven local high schools met at the NOAC to make plans for the second round of play. Because ordinary procedure in this matter called for four teams to go into the championship round and five teams had crowded into the first four (two) places, the meeting had to prescribe some special procedure to be followed. Some members thought that Jesuit, Aloysius and Easton, the three teams tied for second place, should go through a special series that would eliminate

With an emphasis on athletic competition, intramurals offer students an opportunity to display their athletic prowess while competing in a team-oriented atmosphere. Students learn to cooperate well with others as different homerooms compete for their respective class level championships. Then, after class level victors are crowned, division championships are decided as juniors and seniors vie for the senior division title, while freshmen and sophomores struggle for the junior division laurels.

The band, under the direction of B.J. Perez III and Mark Unbehagen, began preparation for the 1981-1982 school year with summer band classes, which are open to new students as well as returning band members. To get ready for the upcoming football season, the band held its summer marching band camp in August. After many successful halftime shows, the band directed its attention to two marching competitions. The band did very well in both competitions, after not competing for six years. The final activity for the marching band was their participation in parades. The band marched in the Krewes of Atlas, Mardi Gras, Pontchartrain, and Mid-City. Mid-City is a competitive parade that attracts bands from around the country. The Blue Jay band placed third in this competition, as well as third in the Krewe of Pontchartrain.

During the basketball season the band continued its support of our athletic teams by playing at all home games.

The jazz band was involved in several competitions around the state. It received ratings of excellent at Nicholls, Loyola, and Chapelle.

In February the Solo and Ensemble festival was held, and twenty-three band members received superior ratings. Also, in February, the band began preparing for the LMEA band festival and the spring concert. In the festival the Wind Ensemble earned a rating of excellent, and the Symphonic Band brought back a rating of superior. The band's season was brought to a successful conclusion with its spring concert, which included performances by the Wind Ensemble, Symphonic Band, First Jazz Band, Second Stage Band, and the intermediate band.

Members of the band also participated in the Phil's productions of **Chicago, Godspell,** and **George M.**

This year's band officers were: Lloyd Webre, Band Captain; Greg Holmes, Drum Major; Robert Peri, Band Manager; Paul Armbruster, Percussion Lieutenant; Mike Drez, Woodwind Lieutenant; Dennis Rousseau, Upper Brass Lieutenant; John McCloskey, Lower Brass Lieutenant.

On April 28, 1981, thirty-four young ladies were selected from various high schools around the city as Jayettes for the school year 1981-1982. The girls worked hard every Wednesday, with practice beginning right after tryouts.

On June 17, 1981, these girls attended the Superstar Drill Team camp at Tulane University and won many blue and red ribbons. A one-week camp was also very well attended at Jesuit High School during the month of July.

These girls worked hard, participated at eleven football and nine basketball games, and marched in four Mardi Gras parades. They were also in competition and received an excellent rating.

Their precision dancing and routines were a credit to themselves and to Jesuit High School. The Jayettes are a fine group, and the girls get along very well together.

Congratulations to the four captains and the squad.

WE ARE PROUD OF YOU!

Cheerleaders

The seventeen members(8 boys and 9 girls) making up the Blue Jay cheerleading squad began preparing for the year by attending a Universal Cheerleading Association summer camp. Correct techniques for stunts and pyramid formations were learned here. Additionally, the weekly practices during the school year helped the squad become more immediately prepared for the weekly football games.

The entire squad performed at all the football games, while halves alternated for basketball games. Captains Gene Colon and Tommy Ruli — each on the squad for their second year — coordinated their group's work with the work of the band, Jayettes, and the flag team. In this way the pep rallies were also organized. The impetus toward spirit during school was here: students rallied by cheerleading students.

Annual

The yearbook staff has undergone a complete change since last year. Because last year's staff was composed mostly of seniors, the majority of this year's staff, including the editors and moderator, were new members. In June Mrs. Jewel Reuter took over the moderator's job from Mr. Richard and began to organize the staff. The administration pushed for an early completion date, so the staff began work in August. Having decided upon the theme "The Evolution of Civilization," the group began the tedious process of piecing together the **Annual.**

The **Blue Jay Annual** represents an overview of the entire academic year. The staff believes that the Jesuit students, parents, faculty, and alumni all combine to make Jesuit the school that it is. If any aspect of the school is lacking, the entire Jesuit community suffers. The yearbook staff recognizes this fact and hopes to address the participation of the "whole" community in Jesuit affairs, which in this past year was excellent.

Jayson

Right: Senior editors Kevin Burns and Scot Brandner, accompanied by junior editor Charles Thomas, work on **Jayson** layout in the library. **Below: Jayson** moderator Timothy F. Powers reads the newspaper in his office.

Under the direction of a new moderator, Mr. Timothy F. Powers, the **Jayson**'s 1981-1982 staff published five issues of the newspaper during the previous school year. Mr. Powers, a one-time reporter, photographer, and editor for the **Bennington Banner,** a Vermont newspaper, gave the staff the direction, guidance, and editorial experience it needed to successfully complete the year.

The editorial staff consisted of Kevin Burns, editor-in-chief; Scott Brandner, feature editor; Lance Lombardo, news editor; William Clark, sports editor; Ronald Drez, assistant sports editor; Gerald Herbert, photographic editor; and Joseph Maurin, assistant photographic editor. These editors were backed by a large and competent writing staff composed of students from all grade levels.

In order to prevent the disorganization of an inexperienced editorial staff during the 1982-1983 school year, the **Jayson** adopted a new policy of choosing its future editors. The editors were chosen during the third quarter of the school year, and they assumed their positions during the final quarter of the year. This method allowed the new editors to publish one issue of the **Jayson** while the senior editors were still available and able to give them advice and assistance. This unprecedented procedure worked so well that it is expected to be effected again in future years.

Calliope(named for the Greek Muse of poetry) is the first literary magazine at Jesuit in many years. The semesterly published magazine is composed of originally written poetry and short stories from members of the student body at all grade levels. Complimentary artwork accompanied many of the entries.

The purpose of **Calliope** is to encourage students to exercise their creative writing skills by providing an opportunity for publication. While the first issue consisted mainly of works by the staff, the second came from different sources and had a greater variety of ideas and styles.

The staff consisted of a core of five editors: Al Derbes, Fernando Figueroa, Mark Scalco, Fred Schneider, and moderator Mr. G. Gernon Brown. While the artwork was done by a variety of students, most of the final typing was done by one, Paul Van Geffen.

Now in its second year, the school's photography club provides an opportunity for novice photographers to develop their artistic as well as technical skills. The relaxed and unhurried atmosphere of the club allows its members the freedom to work at their own pace. The club's darkroom, located in the graphics department of the Resource Center, provides all the necessities for the photographic craft. Members need only have a camera and an eagerness to learn photography.

The club's chief purpose is to educate photographers. It is evident that the club succeeds because many club members have graduated to the staffs of the Annual and the **Jayson.** The artistic side of photography is also stressed. Each year the club holds at least one photographic essay contest.

Philelectic Society

The Jesuit Philelectic Society started the 1981-1982 school year off with a bang. For their fall production the Phils performed **Chicago,** a play which portrays the court system as a mere ringside attraction. Next, the Phils had their first mid-year production over the past years. The play, **Godspell,** will also be remembered as Jesuit's first touring show (**Godspell** toured throughout the Southern Jesuit Province). The Phils finished off the year with their spring production, **George M!,** a play about the life of George Michael Cohan.

Under the leadership of director Roland H. Borey III, choreographer Lilian Moore, musical director Fr. Joe Vanderholt, and executive board members Gene Colon and Trey Fontana; the Phils work long hours to perform plays of professional caliber. The performances of the Philelectic Society are always highly acclaimed.

Academic debate at Jesuit is a dynamic, everchanging field of study and activity with a philosophy based on research, logic, and reasoning.

The Blue Jay spirit and pride follow the debate team as they travel to tournaments both in and out of state.

In team debate John and Edward Lasseigne, the senior team, represented Jesuit this year at the Bronx High School of Science, Cornell University, Northwestern University, Florida International University, Emory University, Samford University, Loyola University, Havard University, and many city and state tournaments.

They placed first at Vandebilt High School, Loyola University, and Samford University. They placed second in city and third in state. They won speaker awards at the Bronx Science High School, Emory, Northwestern, and Samford.

Last summer Edward placed first in the tournament following the Summer High School Workshop at Northwestern University in Evanston, Illinois. John placed first in the Lincoln Douglas debate tournament at the close of the 1981 Summer Workshop at Georgetown University in Washington, D.C.

The junior team, Lee Estingoy and Rusty Harold, participated in many city and state tournaments. They placed first at Lafayette High School and second at Holy Cross.

In individual events, John Paolini placed first in extemporaneous speaking at St. Augustine and won several awards in Lincoln Douglas debate at other tournaments. Eric Dyhrkopp participated and won several awards in Student Congress.

The debate challenge at Jesuit High School involves not only the debater, but also the support and reinforcement of fellow- students, teachers, and family.

The rewards for the hours of dedication go above and beyond the immediate purpose of winning trophies. They carry over into the rest of life — a life broadened and enriched by the **Blue Jay Debate Experience.**

Jesuit's Marine Corps Junior Reserve Officer Training Corps was conceived in 1966 as the nation's first MCJROTC. Since that time the JROTC has continued to provide outstanding leadership and service for the Jesuit High School community.

This year the company was commanded by Cadet Captain Brett Wise. Some of the numerous challenges met by the JROTC were cleaning up the school after the Bazaar, acting as ushers for the bazaar auction, and providing ushers for open house. Members of the JROTC also visited Camp Lejeune, North Carolina, where they learned a great deal about the United States Marine Corps. Finally, the Drill Team and Color Guard aided the company by performing numerous civic duties. Therefore, it is apparent that the JROTC upheld its reputation for leadership and service throughout the school year.

The physical fitness team is an extracurricular activity which practices three days a week. The purpose of such a team is to train students in various physical activities. The PT(Physical Training) team works mainly on stretching, push-ups, sit-ups, pull-ups, and running. One does not necessarily have to be in the ROTC to be a member of the PT team. However, varsity letters are only awarded to those who are cadets of the Marine Corps ROTC. Presently, the PT team consists of seven dedicated cadets run by Second Lieutenant Richard LaBranche (captain) and Corporal Sean Armantrout(co-captain).

The Jesuit High School ROTC Drill Team- under the direction of 1st Lt. Michael North and 2nd Lt. Gary Schwabe- represented Jesuit at various activities throughout the school year. When participating in the Freret Mardi Gras Parade, the team was recognized as the first place unit in the parade; the team also marched in the Krewe of Mardi Gras in Metairie that same week. The Drill Team was an honor guard during the Homecoming Game, and team members ushered at the Bazaar Auction.

The Drill Team prepares for its activities through hours of daily practice. Especially difficult drill movements are exercised at special events such as the change of command. When the annual Inspector General visits, the period always ends with a performance by the Drill Team. These two events are the culmination of the year's practice.

Top: President Mike Giambelluca and vice-president Greg Ernst humor a prefreshman.

Under the guidance of President Mike Giambelluca, Vice President Greg Ernst, Secretary Steve Tonguis, Treasurer Dave Charles, moderator Fr. Wayne Roca, S.J., and assistant moderator Mr. David Wright, the 1981-82 student council grabbed the hearts of students and faculty. The council's unique way will always be remembered as oriented toward service to the Blue Jay community.

The Student Council's personal contact with the students was the cause of its success. How could any of us forget "Anna-May and Rosemary" or "Birdman and Jason"? These simple skits helped the student body realize that school spirit was alive at Jesuit in (and out) of school.

This personal contact was also released when a few outstanding Student Council members were asked to represent Jesuit High School at both the annual Louisiana Association of Student Councils (LASC) convention and workshop. In this way our council represented both the city and state in presenting and receiving new ideas so as to improve our school.

No one man is responsible for the success of this year's Student Council, but all of us on the council would like to sincerely thank Fr.Roca for his enthusiasm, consideration, and understanding in time of need.

Student Liturgy

One of the most important things we do as a community is our worship and prayer together. At least once a month, Jesuit students, faculty, and staff gather in the Chapel of the North American Martyrs for a Eucharistic celebration. In these celebrations, everyone has a part — celebrant, server, singer, reader, color guard — each role played by members of the Jesuit High School community. We function almost like a parish of our own — a group of people with a common identity and goal, coming together to thank Our Lord.

The spirit of cooperation and participation is evident in Jesuit liturgies. Guests frequently remark that the atmosphere of reverence created by the Jesuit students is second to none! Indeed, from the Mass of the Holy Spirit in September, until the closing song of the Baccalaureate Mass in May, the Jesuit community seeks to unite itself around and dedicate itself to the presence of the Risen Christ in the world.

Ms. Tomeny and Fr. Gros instrumentally lead student choir members.

One of our most important activities as a school community is the celebration of the Eucharist; and one of the most important elements in a good Eucharistic liturgy is music.

A group of Jesuit students and faculty members spends many hours each month practicing liturgical songs with the purpose of boosting the congregational singing at our Masses. Their purpose as a song group is to lead the student body rather than to bring attention to themselves. This talented group of musicians has made a significant contribution to the spiritual life of the school, and their attempt to expose the school to different types of liturgical music has given us a broader appreciation of our religious tradition.

The Christian Life Community has undertaken several projects this year. Each week members work at the Methodist Home for battered children on Washington Avenue. C.L.C. members have also been able to take the children from the home on weekend outings to various spots in the city.

The C.L.C. also sponsored "Starvation Awareness Day" for the Jesuit High School community. Besides raising funds for refugees in South America, the activities presented the school community with reflections on our position as providers for a hungry world.

"Mission Drive" afforded the group an opportunity to call again on the school to be generous with funds for the needy of the world. This time the funds were sent to the Jesuits laboring in Brazil and Paraguay.

The C.L.C. offers students an opportunity to go outside of themselves and share the talents God has given them with their less fortunate neighbors in New Orleans and all over the globe.

C.L.C. does research for its presentation.

Key Club

The Jesuit High School Key Club is an organization that is dedicated to helping and serving other people in the school and in the community. Due to the nature of this club, the group has traditionally been small but active.

The moderator of the Key Club was Mr. Salvadore J. Anselmo who took over advisorship from the Rev. John H. Kaack, S.J.

The activities of the club include service to the elderly, the poor, the school, and the archdiocese. The Key Club's activities began with a food drive for the needy of the archdiocese. The Key Club later visited a home for the elderly at Christmas. In addition to these services, the Key Club also cleaned-up the school grounds and the neighborhood. Also, the Cystic Fibrosis Foundation was aided by the Key Club in the Foundation's fund raising attempts. Thus the Key Club had a rather successful year.

National Honor Society

The National Honor Society is a service organization at Jesuit High School. This year's society is composed of seventy-five juniors and seniors. In order to become a member, one must excel in academics and participate in extracurricular activities. Throughout the year the National Honor Society provides one-on-one tutoring, tutoring during the lunch period, and other services requested by the administration.

The officers and other members extend their appreciation to Mr. Malcolm Villarrubia for his assistance and guidance throughout the past year.

WJHS

WJHS-TV is the Jesuit High School closed circuit color television system under the supervision of Mr. Teddy O'Dwyer. Various classrooms throughout the school are equipped with television monitors. The television studio is equipped with two color cameras. The control room, which is the brain center of the entire system, has various video recorders and players as well as complete video editing capabilities. The distribution system is capable of programming twelve different programs simultaneously as well as a live production from the TV Studio into any or all classrooms.

Students, as well as teachers, can utilize the studio for on-camera performances and demonstrations making the communication of various subject matters easier to comprehend. Students are also able to make use of eight individual monitors for private viewing of video tapes.

Jesuit High is proud of its television system not only because it is unique for the high school level, but also because it affords its students a tremendous opportunity to learn radio and television broadcasting on a first hand basis. In addition, the students are able to further their education in all subject areas with the abundance of videotapes which WJHS produces.

Courses in Filmmaking, Advertising, and Radio-TV Production are offered to the Jesuit senior on an elective basis.

Bookstore

Without the printed word learning would be quite difficult. Thus, the bookstore serves a very vital need of the school community.

Two things are important regarding the bookstores operation. First, every effort is made to see that all books are on hand when booksales are held and, secondly, the price is kept as low as possible. Moreover, throughout the year novels are supplied when they are assigned to students by English teachers.

Brother Booth has been in charge of the bookstore since the 1975-1976 school year. The young men who assist him are hand-picked and usually are four in number. They assist in setting up the basement classrooms in preparation for booksales and are allotted certain times, before school or during the lunch period, for duty.

Blue Jay Shop

This year, students lined up during book sale day for P.E. uniforms and tee-shirts. With the first windy burst of the cold winter season, the Blue Jay Shop offered sweatshirts and jackets to keep our men warm during football games. As the hoopsters hit the court, spirit-filled blue and white neck scarves and knit caps were spotted throughout the gym. Everyone wanted to buy a J-Pin for his dad, or mom, or perhaps two for himself. We even offered belt buckles and golf shirts to spring tennis players and track stars, not to mention penants for our baseball players. The Blue Jay Shop congratulates the Jesuit Class of 1982, and wishes to remind them that they represent us whenever they pridefully wear the Blue Jay insignia on their tee-shirt or cap.

Among the many cogent reasons for the existence of a Spanish Club is the fact that club activities enliven the studies of the language and culture of Spanish speaking nations. It provides opportunities for the presentation of and participation in enjoyable features of language study.

Teachers and students have the opportunity to break away from the time restrictions of the classroom and to break away from the limitations imposed by the demands of curriculum. Its aim is to develop language skills through drills, games, songs, slides, filmstrips, movies, dramatic skits, and competitive events. Attendance at local presentations of cultural activities by foreign groups and visits to Spanish and Latin American restaurants are also enjoyed.

These and other activities are a valuable part of language study, which serves to maintain and to stimulate interest in the curriculum and to attract new students to the program. Periodically, interested students are able to work out exchange visits to Spanish speaking nations, such as the group which will spend a part of their summer in Argentina.

We are a group of intellectuals interested in the classical languages. Our direction is social discussion and conversation. We are professors and upper level students who value the philosophy and culture of the classical world and enjoy each other's companionship and thoughts. Often we entertain ourselves with our inquiries and our wit and humour. Our company with the other classically educated members of the Jesuit community is the reason for our existence.

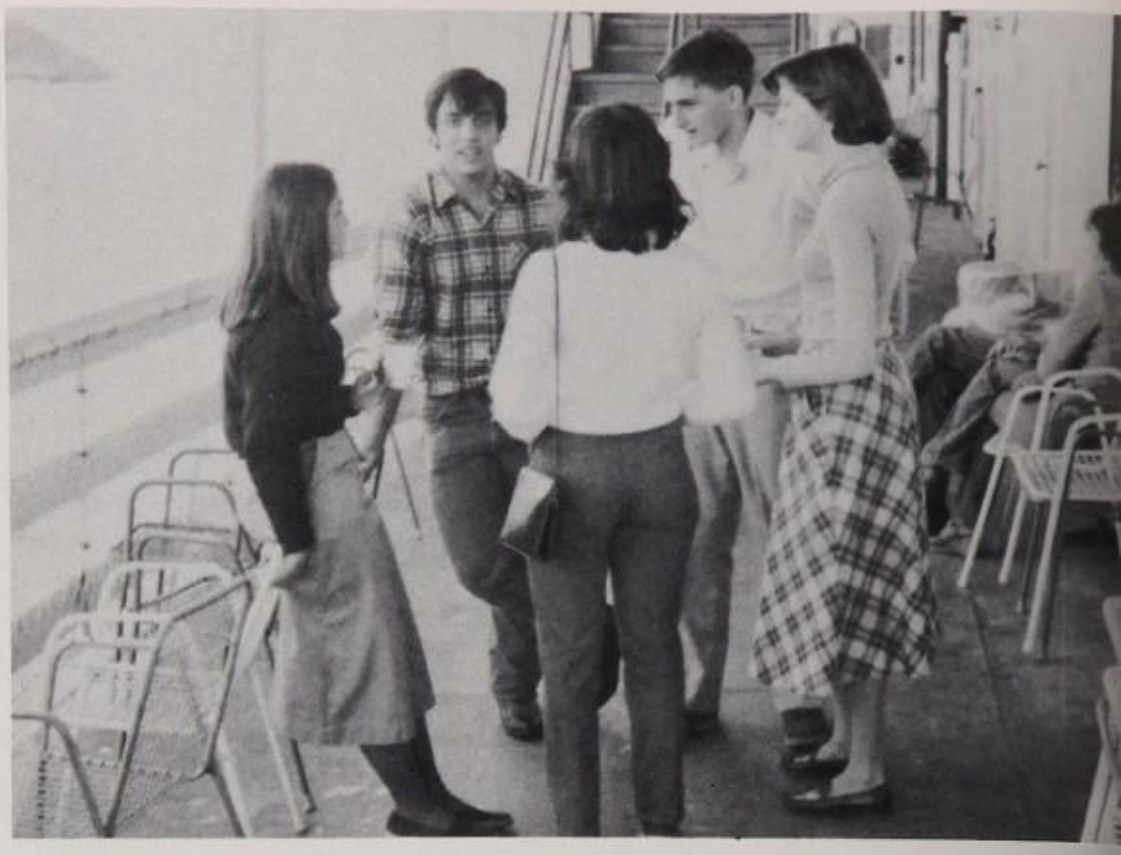
French Academy



Although Jesuit High School offers several different foreign languages to culturally and intellectually enhance its students, French can be considered one of the most exciting due to its deep-rooted influence in Louisiana history and tradition. In an endeavor to extend the formal in-class study of French, the French Academy has made an attempt to present to interested students the many other aspects of the French language and culture not presented in class. Under the caring eyes of sponsors Madame Lynn Frank and Mademoiselle Elizabeth Smith, this year's French Academy (known as **Les Copains)** had one of the most fun-filled and knowledge-gaining years ever.

After the elections of Manuel Calamari as president, Cary Aguillard as vice-president, and Joe Maurin as treasurer, activities were begun. The first activity of the year for **Les Copains** was a cruise along the historic Mississippi River with the Mercy Academy French Club on the riverboat **Natchez.** After the boat ride many students studied the famous landmarks of the French Quarter and sampled traditional culinary items.

In the spring **Les Copains** joined the Dominican French Club for a picnic near City Park. Cary Aguillard later hosted a swimming party at his house in honor of the Ursuline French Club.

This year the German Academy underwent an almost complete facelift, becoming more active than it has been in recent years. The main reasons for this change were the leadership of the new moderator, Mr. Andrew Leblanc, and the enthusiastic input of the students in the school who take German.

The newly introduced activities for the Academy were a German mass, a party, and the showing of German movies such as **Nosferatu** and **The Tin Drum.** Regular meetings were held, and the student participation was high for all activities.

The general purpose of the German Academy is to allow the students of German to learn more about the German country and language as well as to provide entertainment for them. In addition, the members of the German Academy assist the German Department with events such as the open house.

Besides Mr. Leblanc, the other leaders of the German Academy were Charles Rowe, president; Kevin Burns, vice-president; and Randy Granier, treasurer.

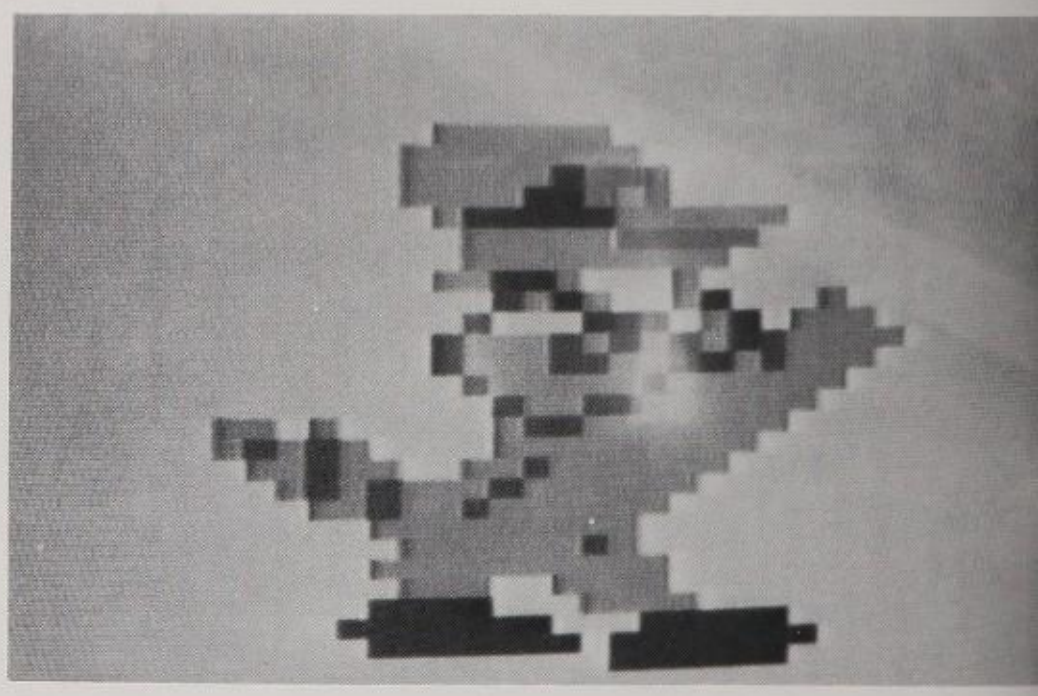
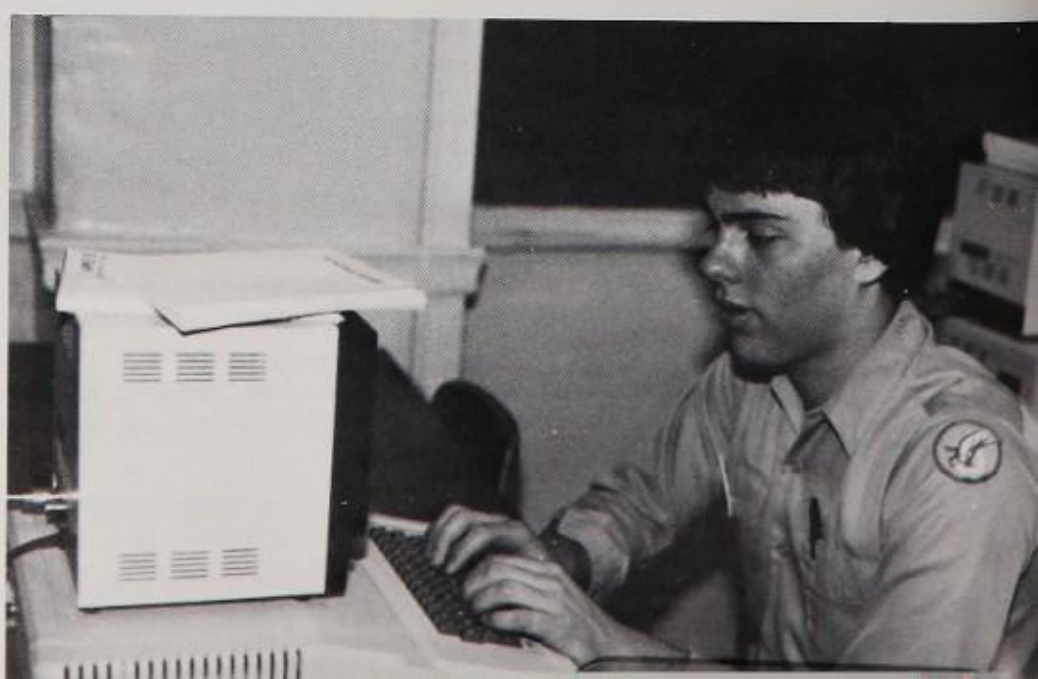
The Computer Club has been organized to allow all students an opportunity for hands-on experience with the computers. The Computer Club enables underclassmen to use the computers since the computer course is only open to seniors. It also enables seniors who are taking the course to obtain more experience in computer technology. The students primarily teach themselves using a book designed for that purpose by the Apple Computer Company. This being the first year for the Computer Club, organization was at a minimum. It is hoped that next year we will be able to do more as a group instead of on an individual basis only.





Quiz Bowl

Varsity Quiz Bowl is a fast-paced academic competition which incorporates the skills of speed, memory, and quick recall. It has been aptly described as "academic gridiron." The competition is fierce and heated and the rivalries deep and keen. Jesuit traditionally has a strong Varsity Quiz Bowl team and holds an impressive record of several championship victories.

Jesuit's strength in Varsity Quiz Bowl has in no way diminished this year. Under the leadership of Fr. Anthony McGuin, S.J., the 1981-82 team of alternate Daniel Lopes (junior), Albert Derbes IV (senior), David Howell (junior), John Ecuyer (junior), and Captain Murphy Burke III (senior) is considered to be as good as any team Jesuit has fielded in the past. This year's team stresses frequent practices and several practice matches against other schools in the competition. This regimen has produced a tightly-knit team effort in which all members achieve equally to create a formidable, high-scoring opponent against any other school in the competition. Although the team will be losing two of its "on-air" members, it still retains its two other "on-air" players and its alternate, along with a considerable "Off-the-air" back-up which should ensure Jesuit a fine team for some time to come. Jesuit's 1982 Varsity Quiz Bowl team continues to hold up the tradition of excellence of past teams and of the entire tradition of excellence that is Jesuit High School.

Math League

Top Row: Worthing Jackman, Mike Boriskie, Steve Mc Kinney, John Ecuyer, Tom Dolbear, Mark Schulingkamp, Mr. John Brumfield. **Bottom row:** Ken Velleman, Fred Schneider, Rene Alvarez

The Mathematics League is one of many math oriented teams at Jesuit. The League, a member of the Greater New Orleans Mathematics League, competes in two tournaments during the school year. Each tournament consists of five rounds (four individual rounds and one group round); the five rounds test five different mathematical subjects, ranging from geometry and algebra to trigonometry and pre-calculus.

Jesuit's Math League team consists of a maximum of 10 students with a maximum of 3 students from each grade level. Each student in the League prepares for the matches by reviewing and studying problems. Due to increasing interest in League this year, members take quizzes to select participants in the tournaments.

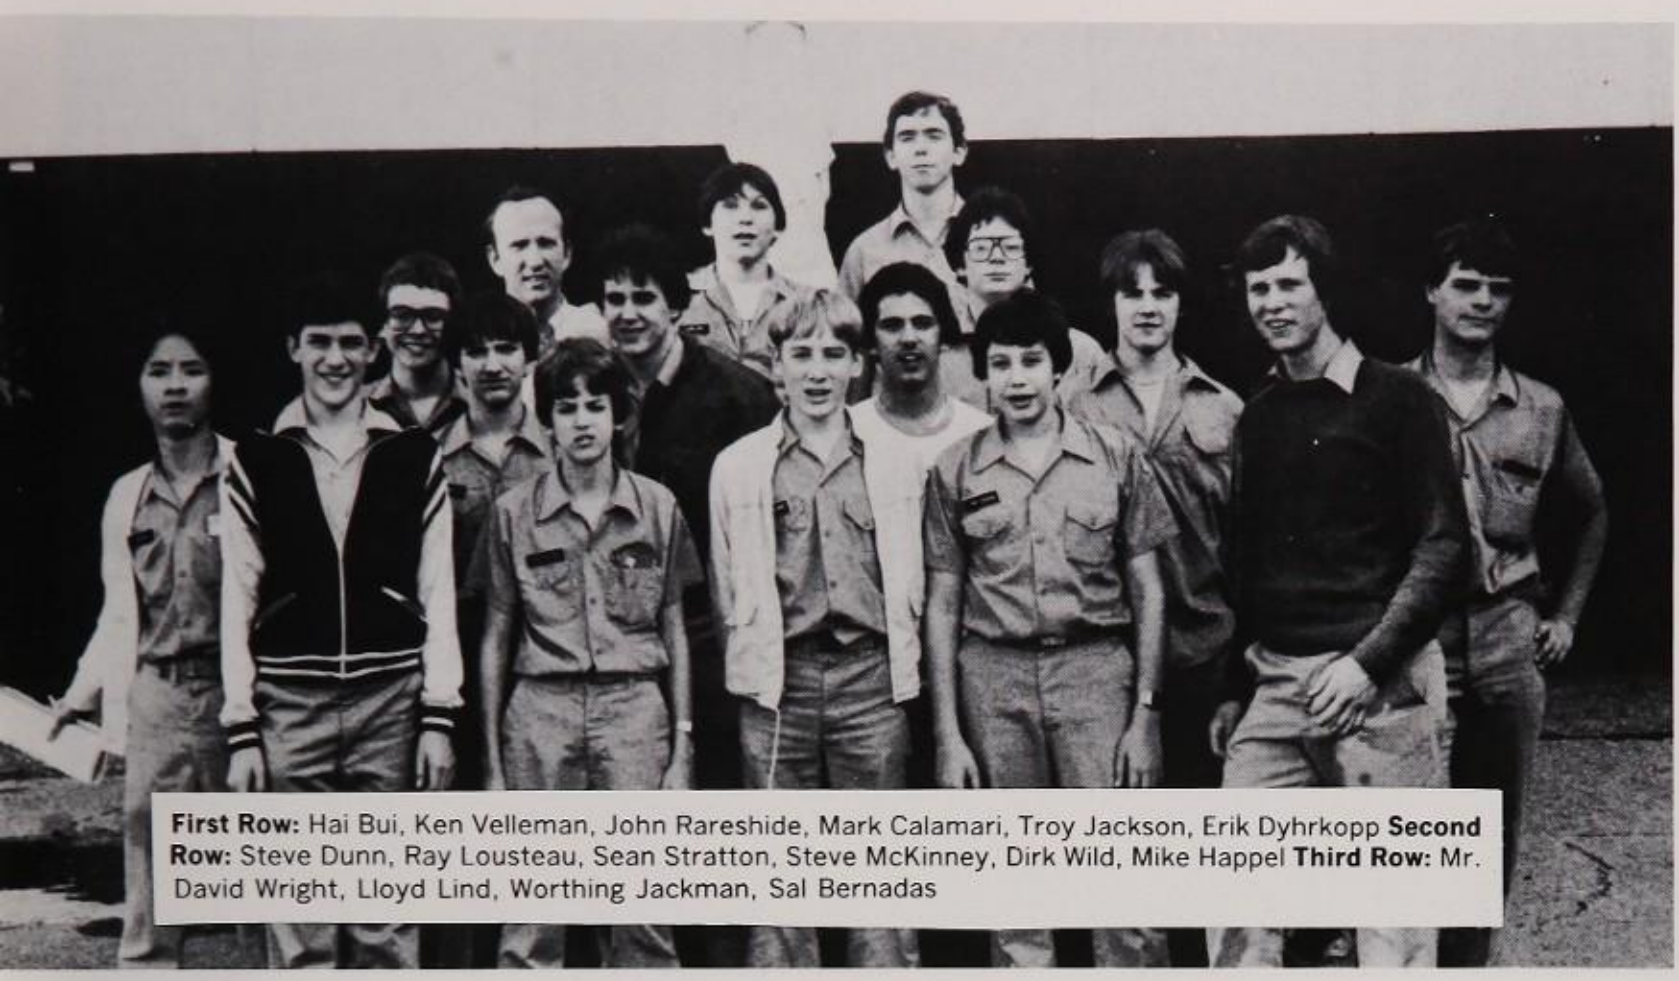
Academic Games



First Row: Hai Bui, Ken Velleman, John Rareshide, Mark Calamari, Troy Jackson, Erik Dyhrkopp **Second Row:** Steve Dunn, Ray Lousteau, Sean Stratton, Steve McKinney, Dirk Wild, Mike Happel **Third Row:** Mr. David Wright, Lloyd Lind, Worthing Jackman, Sal Bernadas

Middle: Worthing Jackman concentrates during his match.
Above: Stephen Dunn awaits his match.

The Academic Games League, which is composed of area high schools, competes in several games — On Sets (Set-Theory), Equations (Number Theory), Wiff 'N Proof (Logic Theory), Mr. President and Ameri-Eurocard (Social Studies), and Propoganda and Linguistics (Language Arts). The Jesuit team placed third citywide in On-Sets, second in state in Euqations, and second in state in the game of Mr. President. Individually, in city competition, John Rareshide placed third in On-Sets, Marc Calamari placed first in Linguistics, and Stephen Dunn placed first in Equations. In state competition, John Rareshide placed third in Equations. The top ten percent of those competing in the city competition represent their school at the national level.

Chess Club

Front Row: Mr. Andrew LeBlanc, Peter Wong, Ryan Balot, Hai Bui, James Huck. **Middle Row:** Michael Vicknair, Duke DeBois, Donald Miester, Mark Schulingkamp, Patrick Lemmon, Chris Carriere. **Back Row:** Jake Schnapp, John Morgan, Stephen Ripberger. **Missing:** Michael McNally, Gerald Halphen, Tony Spano, Joseph Spatafora, Chris Lagraize, Stephen Dunn, Samuel Juneau.

Jesuit High School's Chess Club and Team changed dramatically during the last year. Since there was a greater prefreshman interest in chess, the club roster was about twice as big as it had been in the previous year. The Chess Club also received a new moderator, Mr. Andrew Leblanc, who had been the chess club moderator at Brother Martin.

This year chess team had several excellent players. The team consisted of senior Stephen Ripberger, sophmore Mark Schulingkamp, junior Duke DeBois, prefreshman Ryan Balot, senior John Morgan, and junior Donald Miester. The chess team's alternates were prefreshmen James Huck and Stephen Dunn.

Since the competition was very tough, Jesuit had to face such powerhouses as Rummel, Ben Franklin, East Jefferson, and McDonough. However, Jesuit managed victories against O. P. Walker, Carver, Newman, St. Bernard, and Holy Cross.

Due to the success during the year, the team entered the playoffs holding the first place position.

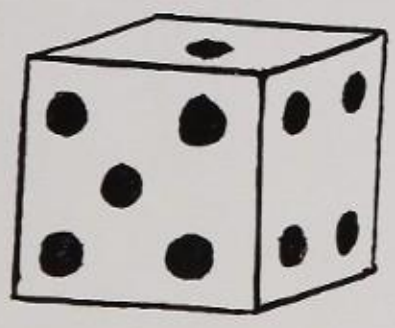
Gaming Society

The Jesuit Gaming Society is Jesuit's organization that plays the many fantasy role-playing games. They play such games as Dungeons and Dragons, Traveller, Top Secret, Boot Hill, Gamma World, or one of the games invented by the members such as Bounty Hunter, Streetfighter, or Mercenary. All the games are based on the role of the dice, such as in Monopoly, except that when you role the dice there are more possibilities of action, rather like moving backwards or forwards in Monopoly. The person you are controlling in the game might flee, fight, or hide from a dragon as you would buy more property in Monopoly. In these games, the sky is the limit. You can be a knight fighting dragons, a wizard casting spells, a spy trying to obtain secret information, a future mercenary battling an enemy spaceship, a cowboy fighting Indians, or almost anything you can think of.

The Society was founded during the 79-80 school year by James Blanchard, now a junior and Society President. During the three years the Society has existed, it has gone from a handfull of people to fifty or sixty members strong. The seniors as well as pre-freshmen are playing.

The society is not an elite group; anyone can join. Those members who didn't know how to play now do, and anyone who wants to learn can be taught.

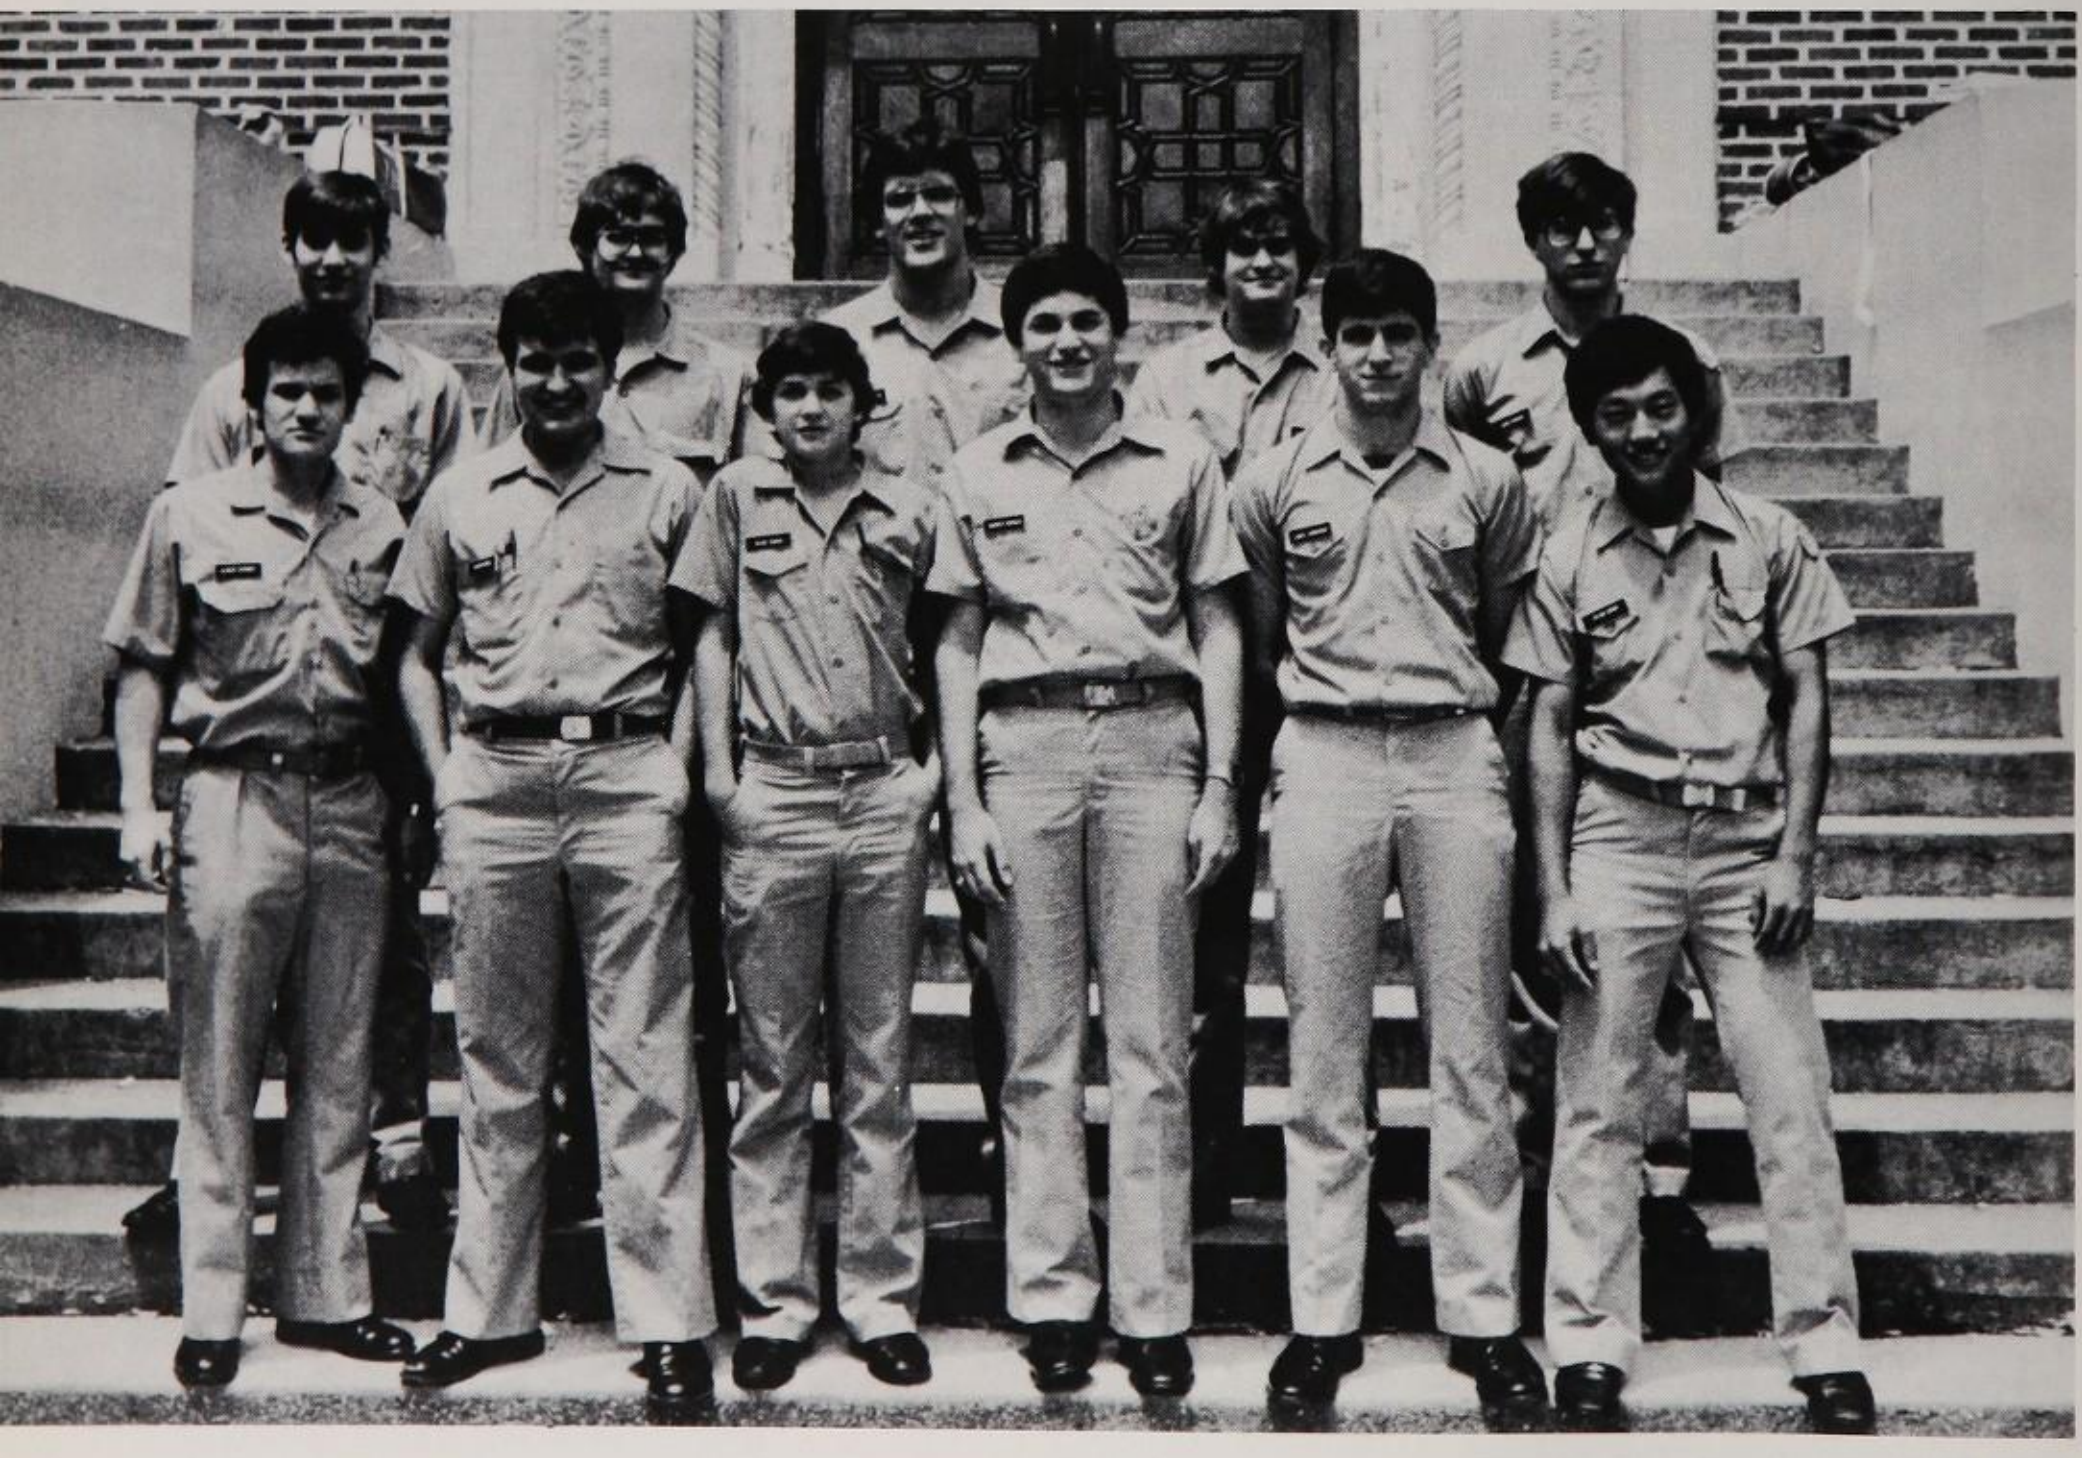


Front Row: Eric Derbes, Rusty Harold, Havard Albright, Jim Blanchard, Donald Miester, Erik Dyhrkopp **Middle Row:** Jorge Bravo, Collin Murphy, Aroldo Giron, Elmo Short, David Patron, John Apple, Sean Ryan, Ken Adams, Clay McGovern, Charles Brown, Joe Deffner. **Back Row:** Jack Jeansonne, John Kearney, Brian Nagy, Morgan Steward, Michael Saltzman, Barry Wilson, Sean Rowland, Clyde Jones. **Missing:** John Robinson, Kevin Stierwald, Ed Harold, Herb Sayas, Michael McNally

National Merit Semifinalists

Once a year juniors compete on a national level by taking the Preliminary Scholastic Aptitude Test. Scholarships are awarded to individuals scoring a certain grade on the test and who also meet other requirements. In this past year's competition, Jesuit had fourteen semifinalists. Few other schools show such an outstanding performance.

Bottom Row: Albert J. Derbes, Murphy J. Burke, Kevin B. Burns, Barrett S. DiPaolo, Lance D. Lombardo, Peter Wong. **Top Row:** Michael Vicknair, Edward J. Lasseigne, Stephen J. Streng, John A. Lasseigne, John F. Paolini. **Missing:** Douglas M. Freese, James D. Jackson, Dennis L. Rousseau. **Finalists:** Murphy J. Burke, Kevin B. Burns, Albert J. Derbes, Barrett S. DiPaolo, James D. Jackson, Edward J. Lasseigne, John A. Lasseigne, Lance D. Lombardo, John F. Paolini, Dennis L. Rousseau, Stephen J. Streng, Michael A. Vicknair, Peter Wong



State Rally

The District and State Literary Rallies are most interesting experiences for the Jesuit student. Students who excel in the various fields of study are chosen by the faculty for participation. Mr. Malcolm Villarrubia, the moderator, contacts and organizes these chosen students for the Rally. Two students are entered per catagory, and the catagories range from Latin I to Government. Without fully knowing what to expect, the chosen students show up on the UNO campus to take their assigned tests. Jesuit students compete against eighty-one other high schools in the New Orleans area. Just as in past years, Jesuit continued its excellence and had twenty-seven winners; there were eight firsts and five overall winners. Some of the winners are then eligible for competition on the state level; these attend the State Literary Rally on the LSU campus.

Jesuit can be proud of its students. These young men go out and compete against all the other high schools in the city. Each year, especially this year, they came back and made Jesuit proud. The Literary Rallies allow for our students to continually show that Jesuit education is still alive and thriving.

Baseball

The 1982 edition of the Jesuit Varsity Baseball team had a big task in front of them: to mature. Only two starters returned from the 1981 squad, and experience was definitely lacking. But, under first year coach Harry Nunez, the team rapidly "grew up."

After two months of hard work, the team anxiously awaited its first opponent, Bonnabel. In the first game Jesuit could generate no offense, while Bonnabel had three home runs. The result was a 5-0 loss. But in the second game Jesuit's fate turned around. Behind Rob Elkins' grand slam home run, Mark Barrios' three hits, and Scott Beder's seven hit pitching, the Jays were victorious 12-6. Then Jesuit faced East Jefferson and ace John Imwalle; but the team came out on the wrong end in a 2-1 loss. Next on the Blue Jay's agenda was the Buras Tournament, and the squad defeated the host team Buras by a score of 10-1. Despite intense hustle and enthusiasm, the Jays lost to West Jefferson 4-1 for the tournament title. Named to the All-Tournament team were Lance Engolia, Rob Elkins, and Scott Beder.

Walker was the next opponent, and the Jays unleashed the "sticks." In an 11-0 win, the team pounded out eight hits. Will Clark supplied the power with two home runs and six RBI's, while Beder threw a five hitter. The Jays went to Hahnville where they beat the Tigers 14-2 behind Johnny Powell's two hitter. Clark had a home run and Ron Drez came off the bench to hit a dramatic grand slam home run.

With the experience of these predistrict games, the Blue Jays entered district competition with confidence. In the first game they ran into Chalmette ace David Theriot; and the result was a 2-1 loss, despite the two hit pitching of Johnny Powell. Next came the Brother Martin Crusaders. Beder tossed a five hitter and both Elkins and Billy Raymond had two hits as the Jays gained an 8-2 win. In an extra inning game against Shaw, the Jays won 4-3 behind the relief pitching of Brett Forshag and two hits by Billy Raymond. In the next game the tables turned; and the Jays fell prey to Rummel 4-3 in extra innings, despite a dramatic, unassisted triple play by Johnny Powell. In yet another extra inning game, the Jays beat De LaSalle 5-4. Raymond again led the Jays at the plate with three hits while Powell notched the win. The Blue Jays turned another triple play in this game. In a 10-5 win over St. Aug., Powell had three hits. Elkins added a two run homer, while Clark chipped in with a three run shot. In the first round finale against Holy Cross, the Jays fell victims to wild pitching in a 12-6 loss. The first round ended with a 6-0 playoff loss to De LaSalle.

The Jays started the second round with a 7-2 revenge win over David Theriot and Chalmette. In another extra inning win (5-4 over Brother Martin), Powell got the win while Clark added three hits. Danny Schellhaas contributed three RBI's in his first game back from a knee operation. Andy Galy led the Jays to a 4-0 victory over Shaw with a triple and a single, good for two RBI's. Beder threw a four hitter in Jesuit's 5-1 win over Rummel. Clark had two hits and four stolen bases, and Elkins had three RBI's. Against De LaSalle the Jays fell victim to three home runs in a 3-2 loss. Powell threw a three hitter against St. Aug., and he aided his own cause with three hits. The Jays could not manage any offense in a must win game against Holy Cross, and ended up losing 4-1.

The season on the whole was a success. The Jays started two sophomores, four juniors and five seniors; and the bench helped out enormously. Next year's team should be even better considering the Jays are only losing six people. The team matured and gained valuable experience in the process. Under the carefully trained eyes of coach Nunez and assistant coach Kevin Avin, all the members of the team improved. And, without a few injuries here or there, the season could have been a little better.

The 1982 edition of the Jesuit baseball team would like to thank our fans for their loyal and consistent support throughout the year.

Basketball

1981 District XI AAAA Runner-Up

If anyone is to ask what makes a basketball team go, the answer would be a simple one: we were steadily becoming a close unity. This unity is commonly termed a family.

In the beginning of the year, we were a diverse group of people at practice. The eventual five starters had never taken the court together. We knew the beginning of the season would be a growing experience. We were trying to get use to each other's moves, tendencies, and habits. Besides the actual game of basketball, there was going to have to be some close relationships. Just like we picked up each other's moves, we were also able-very easily- to rely on each other.

Whatever started out as some sort of reliance grew into one of the, if not the, closest teams in Jesuit's history. Yes, we always had in mind our goals of getting into the playoffs; but the most enjoyable part of the season was the time we spent together. This time was the practices. Further, the members were the greatest because they became one. Basketball no longer meant winning or losing. It became just a family meeting where everybody had fun. The best example of this thought would have to be the De La Salle game in the second round. The idea of losing never entered my mind or the minds of my teammates. We had all forgotten about what losing was. Our objective was to go out and become one.

As we look back at this great season, the record and the prizes lose meaning. What is remembered are the pains, joys, and sufferings of all the days we gave each other. These joys, and even pains, were shared by everyone from the coaches to Mel, our manager. When we saw all we had as a family, leaving after the final game was hard to do. How hard leaving seemed. A group of guys who had not even really played together in the beginning could not fully understand that the season had ended.

What can be understood is that this season was as successful as last year's district champions. Success can't be judged by the records that are set but by the feelings that the players have when they end. Our feelings were those of a family.

Bowling

Killer Jays, Jesuit 2 And Intramural League

The 1981-82 Jesuit Intramural Bowling League enjoyed its fifth year at Mid City Lanes.

As in previous years, bowling was held on Fridays after school. For the first time League bowlers bowled three handicap games and counted total pins as a fourth game. The additional third game provided members with a more accurate recording of their skill.

After two rounds the top four teams competed in a "step ladder" playoff. The winners of the playoff, as well as teams and individuals with outstanding achievements, received trophies. The league collected an unprecedented 550 dollars in dues to pay for trophies this year.

The officers for the 1981-82 league were President Mark Scalco, Secretary Chris Todaro, Treasurer Mark Castell, and Moderator Dr. Thomas Spitzfaden.

This year Jesuit had two teams in the New Orleans Prep League, which also bowled at Mid City Lanes on Wednesdays. Carrying the now traditional name of the Killer Jays was the Jesuit #1 team consisting of Captain Mark Scalco, Pat Murphy, Chris Edwards, and Mark Castell. The Killer Jays had an excellent season holding first place for half of the year.

The Second Team, which consisted of Captain Chris Todaro, Roy Alston, Paul Duvoisin, Dean Sherry, also bowled well with an amazing comeback at the end of the year which put them in third place.

The future for the Jesuit Bowling Team is extremely bright since all the members of the second team, as well as two from the Killer Jays, will be returning next year.

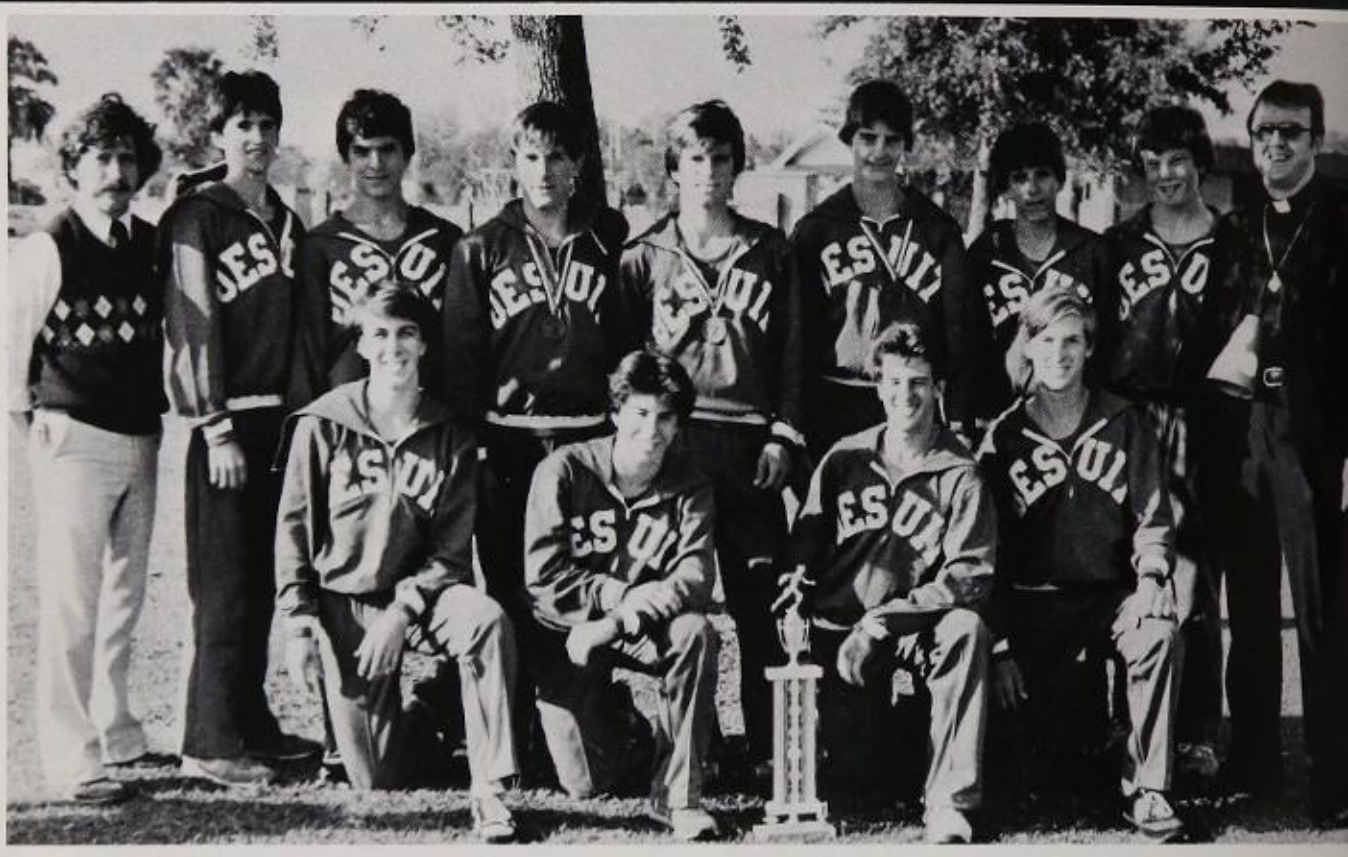
2nd In District Championship



Standing: Mr. Bernard, Tony Licata, Marc Greco, John Condy, Jim Garvey, Bryan Spraberry, David Ingles, Chris Garvey, Fr. Kaack.
Kneeling: Malcolm Ziegler, Chris Bazin, Adrian Colon, George Nelson.

The 1981-82 Cross Country team had a fantastic season from the very beginning. With a new coach, an increased budget, and updated uniforms, the team started off on the right foot. Along with the progression and improvement of the team came the increasing support of the student body.

As the season came to an end, the Cross Country team placed second in the district championship. Jim Garvey, John Condy, and Bryan Spraberry were among the district runners.

This year's team was different from any other in recent years. The closeness and cooperation between the team members were extraordinary. The strong bonds of friendship developed between them during the season were one of the largest factors for the team's success. As long as the team members keep this strong bond of friendship, along with their immense sense of dedication, there is no reason why next year cannot be just as good as, if not better than, this year.

Football

1981 District XI AAAA Champions

The 1981 XI -AAAA District Football Championship did not come to Jesuit High School by mistake; rather, it came to Jesuit as a result of the players' devotion to one another.

This devotion knew no limits and had no conditions. The team united as they progressed through rigorous, repetitious, and physically demanding practices which took place almost every day before and during the season.

One could characterize this year's team with an ingredient that is sometimes excluded from the demanding game of football — love. When young men work together, exult together, and hurt together, they are living God's great gift of love. High school football should be the means by which young men learn a vital lesson about life.

The 1981 Jesuit High School football team successfully learned this lesson. They believed in miracles and then decided that they wanted their miracles to become reality. They made their dreams come true each time they united as a team.

The 1981 Jesuit High football team embodied the same happiness that Christ promised his people each day if they would only try to love one another.

Golf

1982 Regional Champions

Mike Boriskie follows through on his fairway drive.

Under the direction of Coach Walter McCoy, the Jesuit golf team completed the Fall and Spring seasons with much success.

The varsity team for the fall season consisted of Jimmy Holmes, co-captain; Rick Kuebel, co-captain; Mike Finney; Kent Finger; Bill Ellis; Mike Boriskie; and Phillip Robicheaux. Other members of the team included Trey Fabacher, Mark Becker, and David Dupre.

In their first two matches against Holy Cross and Chalmette, the Jays walked away with victories. In the next match against Rummel, the Jays came away with a one-stroke victory as they were truly put to the test. Afterwards, the team rebounded with two sound defeats over Brother Martin and Shaw.

The final match of the fall was played against defending district champion De La Salle, in which the Jays finally suffered defeat.

The team acquired an impressive 5-1 record to finish second in district in the fall season with much to look forward to in the spring season.

The Spring team consisted of Jimmy Holmes, Rick Kuebel, Mike Finney, Kent Finger, and Bill Ellis. Other members of the team included Mike Boriskie, Trey Fabacher, David Dupre, John Illg, and Brian Illg.

The team opened up the Spring season with a sound triumph over Rummel to avenge the "scare" in last fall's match. Two more opponents, Shaw and Chalmette, were also defeated. During the next match against De La Salle, the team played well, but not well enough to handle the Cavaliers. However, the team returned to defeat Brother Martin in the next match. Since the match against Holy Cross was postponed due to inclement weather, the scores from the city championship were counted for this match, and the Jays ended on top.

Having concluded the season as district runners-up, the Jays then moved on to compete in the city and state championship tournaments.

In the regional championship, the excellent play of the team resulted in winning the tournament among a field of 12 teams. The low Jesuit scorers in the tournament were Rick Kuebel, Mike Finney, and Kent Finger. De La Salle, the Jays' rival and nemesis over the years, could place no better than a tie for fifth.

In the state championship, the team's consistent play earned them a sixth place finish. Scores were: Jimmy Holmes, 82-76; Bill Ellis, 79-82; Mike Finney, 85-78; Kent Finger, 86-84; and Rick Kuebel, 86-96.

The Blue Jay golfers also competed in various outside tournaments, such as the Jesuit Invitational Golf Tournament, hosted by Jesuit High School.

Jimmy Holmes, Bill Ellis, Mike Finney, and Kent Finger will return for competition along with several potential reinforcements. With these four lettermen returning, the Blue Jay golfers are looking forward to another successful season.

Karate

The Jesuit Karate Club, established in 1976, has gained in influence and prestige as the foremost karate club in not only New Orleans, but the Southern Region. The technical direction is supervised by 7th degree black belt Takayuki Mikami and the All South Karate Federation. Mike Urpschot, a member of the United States' International Shotokan Karate Kata and Sparring Team, is the instructor and coach. This year the club joined the AAU and supported the establishment of a New Orleans high school karate league. Even though outnumbered by over two to one by both De La Salle and Holy Cross teams, the Blue Jays pursued victory upon victory. Urpschot claims that through effective recruitment and the evolution from a club to a competitive team, Jesuit will continue to dominate high school karate competition. The club will begin recruiting at the beginning of next fall semester while varsity members train with Mr. Mikami over the summer session.

Soccer

3rd In District XI AAAA

Chris Dreiling steals the ball.

The soccer team had a very exciting 1981-1982 season under the direction of head coach Mike Conway and assistant coaches Jerry Ryan, Jim Huertin, Don Sassoon, and Charles De Carvalho, Mr. Charles Lob, the faculty moderator, also lent a hand.

The team will have all eleven starters returning next year. This year's team had ten starting juniors and one starting sophomore. The rest of the team was made up of one freshman, four sophomores, three juniors, and four seniors. Steve Ryan and Raoul Le Blanc were co-captains. Greg Kessler, Carlos Nunez, and Steve Ryan were selected as all prep district players. Sean Fagan and Chris Dreiling received honorable mentions. Steve Ryan won Jesuit's award for the team's M.V.P.

The varsity finished 5-2-3 in district and third in the district standings. The team finished 10-5-7 overall. This year's season was a large improvement over last year's when there were only two district wins. The Jays lost two important games against the Shaw Eagles and were knocked out of the playoffs. The Jays tied the 1980-1981 State Runners-up, Bonnabel, at 1-1, which made the team really believe in itself. Two other intense games were played against De La Salle, both ending in 0-0 ties.

The varsity traveled to Houston to play Strake Jesuit and St. Thomas. St. Thomas was the State Champion last year. Even though the Jays lost these games, they still had a good time in Houston. The Jays await Strake Jesuit's return next year to show them New Orleans.

The varsity has a very strong foundation under them to take their place in the coming year. The junior varsity won district this year and came in second in the playoffs. The junior varsity lost to De La Salle by only one point in overtime in the championship game.

The growing popularity of soccer and an improved season have attracted many fans and spectators to the games. Both teams would like to thank all who came out to the games and helped the team in any way. Next year the soccer team looks for a tremendous season.

From the beginning of the 1981-1982 season, the Jays knew that they would have to work hard. The first swim meet was the Greater New Orleans Kick-off Meet. Points were not kept at this meet, but the Jays were able to see their developing potential.

The next meet in which the Jays competed was the St. Martin's Invitational. The end results found Jesuit in the second place slot. The City Relay Championship meet is, by tradition, "the meet of depth." The Jays placed third. Going into the City Championship, another "depth oriented" meet, the Jays had their eyes set on the State High School Championship. Hampered by Charles Thomas' knee injury and Skip Smith's appendectomy, the Blue Jays finished third in the city.

The Jays entered the Louisiana State High School Swimming and Diving Championships with much determination. Out of twelve entries, ten swimmers swam their way into the finals. A fifth and sixth place in the diving competition by Eric Flettrich and Mike Blazek, respectively, started the Jays on their way. True Blue Jay spirit grabbed the team as the 200 yard medley relay, composed of Richard Slattery, Skip Smith, Charles Thomas, and Mike Blazek, took third place. Spurred on by this effort, Roberto Rodriguez and Skip Smith took fifth and sixth place, respectively, in the 200 yard individual medley. Ricardo Rodriguez followed these swims with a fourth place in the 50 yard freestyle, only to return to the water one event later to place third in the 100 yard freestyle. Richard Slattery contributed a second place in the 100 yard backstroke, while Roberto Rodriguez finished off the individual events with a fourth place finish in the 100 yard breaststroke.

The Blue Jays were destined, however, to end the meet with the "sweet taste of victory." The 400 yard freestyle relay, composed of Ricardo Rodriguez, Charles Thomas, Richard Slattery, and Roberto Rodriguez, took a first place victory in the last event of the day. The Jays took home an unexpectedly decisive State-Runners-up title.

Tennis

1982 State Runner-Up

The 1982 season was highly successful for the Blue Jay Varsity tennis team. The team's regular season was 10-1. They placed second in the Regional tournament; and, most importantly, they placed second in the State Quad A tournament.

The Jays opened their season by winning 7 straight matches; 6 of these were shutouts. Heavily favored Rummel was the Jays' next opponent. The Jays unfortunately lost with a score of 6-3. Strong performances by David Varisco, Peter Lund, and David Kessler highlighted the match. After defeating Holy Cross, the Blue Jays handily defeated De La Salle to win second place in the city league. The Regional tournament was the next challenge for the Jays.

The Regional tournament proved to be both a success and a disappointment for the Jays. Despite strong performances by every member of the team, the Jays finished one point behind Rummel. In this tournament Brett Schwartz played well in his singles matches. He reached the finals before losing to Rummel's Tim Siegel. The surprise of the tournament, however, was the strong showing of David Kessler and Jay Combe, who won the doubles competition.

Schwartz's outstanding performance led the Jays to a second place finish in the State tournament. Schwartz reached the finals but was defeated by Seigel once again. Combe, Kessler, Lund, Varisco, and Barry Dennis also had strong performances.

The outlook for the Blue Jay tennis team has never been brighter. With Rummel losing 5 out of 6 starters and Jesuit losing only 2, the Jays will be favored to become the State Champions in 1983.

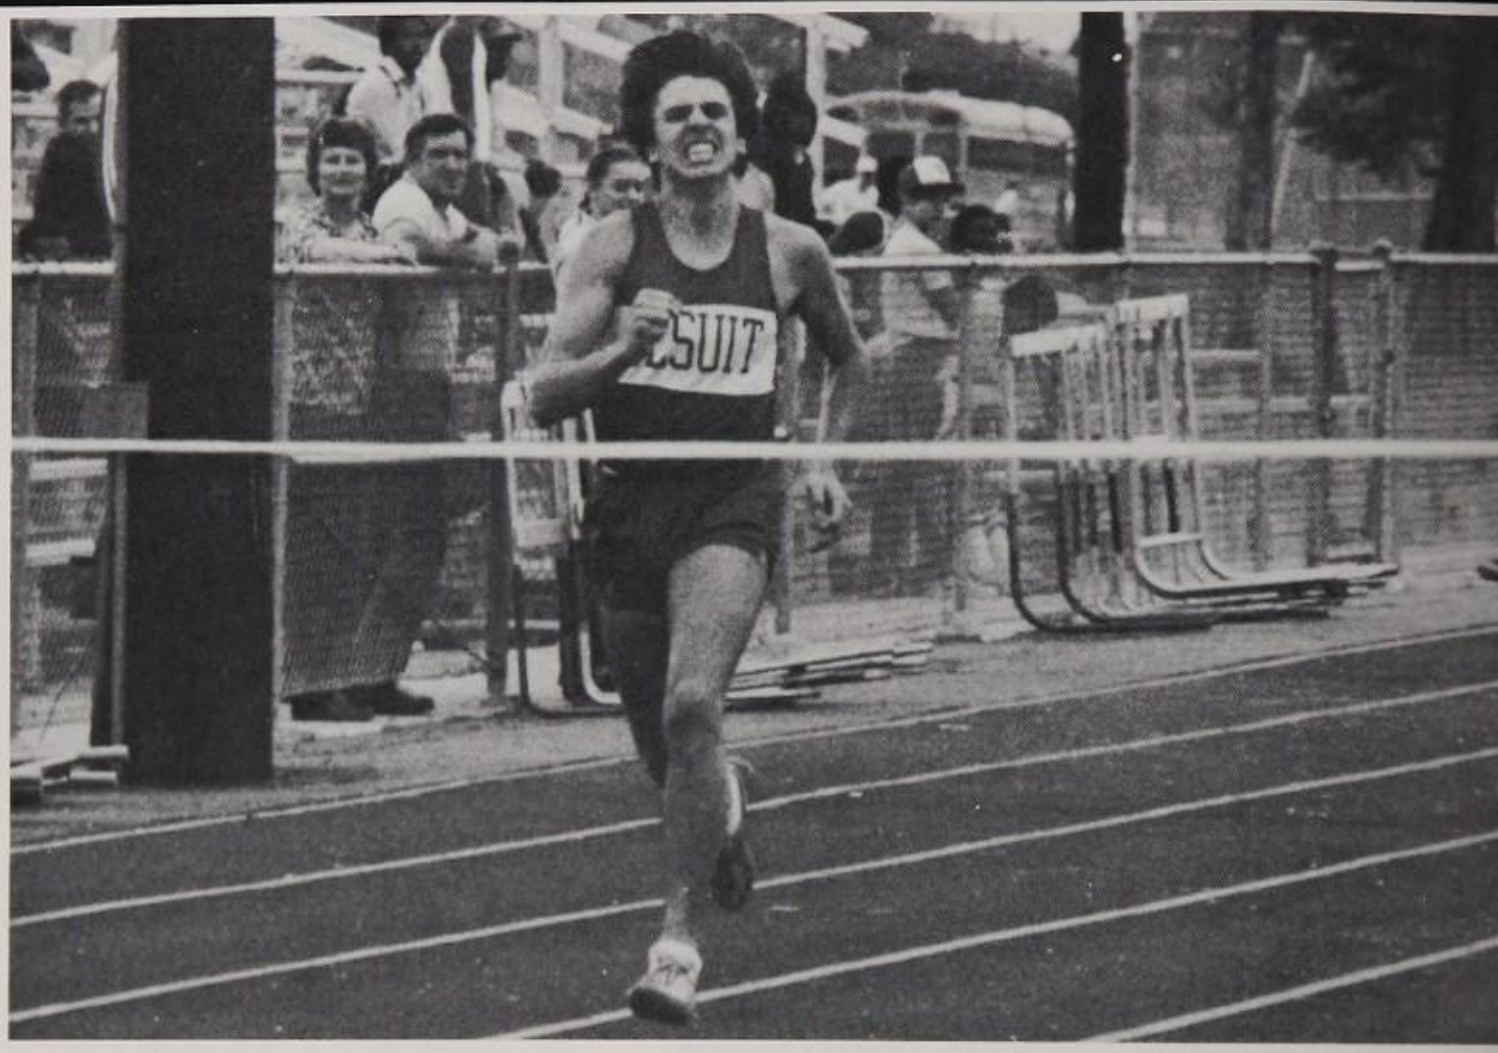
Track And Field



Bobby Foret gives it his all in the home stretch.

The Jesuit varsity track team, under the guidance of first year head coach Jeff Brock and assistant coach Donald Sorrells, ended the season with a fine showing.

The Jays started with a slow start, placing low in several of the first meets of the year. However, by season's end, the Jays had definitely progressed; and they proved it by winning their first meet, the Terrier Relays, in convincing style. The team was indeed peaking — and none too soon — for district was already upon them. In this last and most important meet, the Jays finished a disappointing fifth place despite several strong performances. Senior Jim Garvey set a new school record of 9:40 in the 3200 meter run in route to a second place finish; he also took fourth place in the 1600 meter run. John Condy posted a close third, finishing barely two seconds behind Garvey in the 3200. Mark McDowell, who set a new school record of 22'11" in the long jump at the Terrier Relays, finished second in the long jump and fourth in the triple jump.

Overall, the season was a fair success, and the future is looking bright.

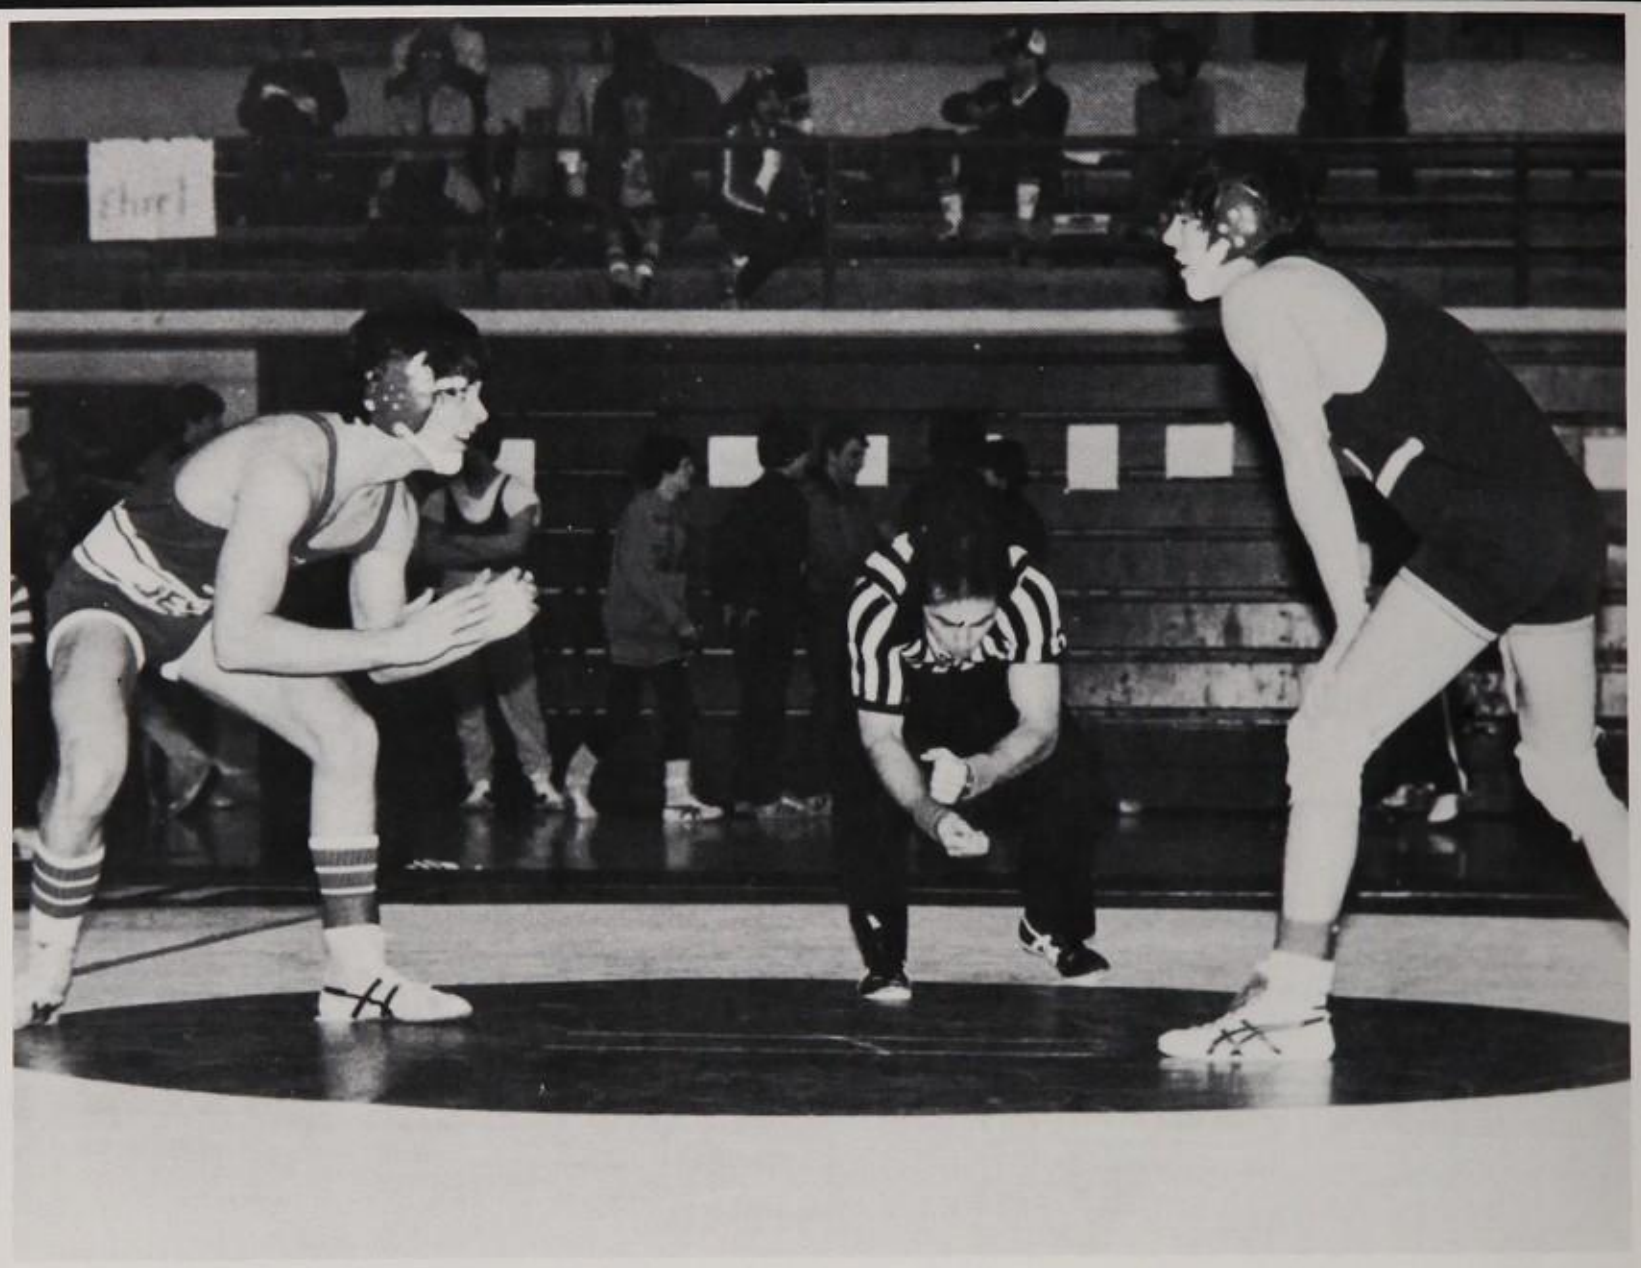
Wrestling

1982 AAAA District XI Champions-State Runner-Up



Mike Priebe squares off.

The 1981-1982 Blue Jay Wrestling season started with the team looking for their third consecutive state championship.

The Jays seemed on their way, rolling up an impressive dual meet record of 8-1. Their only loss occured at the hands of archrival Brother Martin in a closely fought match.

The nucleus of the Jay's team was provided by defending state champion Dennis Bertot and was strengthened by returning state runners-up Tommy Mason and Paul Queyrouze. The Jays were also helped by top finishers from last year's state champion team: John Hazard (fourth), Cary Aguillard (fifth), and Aaron Zimmer (fifth). Leadership was also provided by Mike Walsh, who also competed in state last year.

As the Jays made ready to embark on tournament competition, a serious blow was dealt to the team's chances as they lost the services of Tommy Mason and Mike Walsh due to arm injuries. However, there was still strong wrestling from Joey Lafranca, Greg Reinhard, Kirk Lindemann, Pat Kenney, Mike Priebe, Tom Leonard, Vincent Signorelli, Steven Aguillard, Keith Richards, Tim Lafranca, and David Silvestri. The Blue Jay grappling line seemed primed and ready to defend their crown.

The Jays were unable to gain their first tournament victory until the Jesuit High School Christmas Invitational in Tampa, Florida. The Jays also enjoyed a trip to Walt Disney World as they accepted a gracious invitation from Father Pete Gallaway and his Jesuit Tampa wrestlers.

The Jays returned from Florida and soon went to Baton Rouge where they captured first place in the twenty-four team, Robert E. Lee Invitational Tournament. The Jays continued their streak in tournament competition as they captured their third straight District XI-AAAA wrestling crown.

On February 9 the Jays went once again to Baker, La. to participate in the state championship. They were trying to overcome their third place finishes in both the Greater New Orleans City and Regional Qualifying Tournaments.

The Jays qualified in nine of thirteen weight classes. The Jays found themselves on top once again at the end of the first day of wrestling as they led Brother Martin by ten points. The victory, begrudgingly, was not to be the Jay's for a third straight year as they fell short to the Crusaders by a margin of three and a half points.

JESUIT'S EVOLUTION

IT'S PAST AND FUTURE

Right: Grass school yard before the 1953 addition was present.
Below: Construction activities in the yard for the 1953 addition before the Barn (the old gym) was demolished.

Left: During the 1950's Father Crane, S.J., and Jimmy Fitzmorris kicked off a drive to raise money for the construction of the present gym on Banks Street that replaced the Barn.

Ever since the existence of man, there has always been the need for change in the things that play an important part in our lives, such as laws, beliefs, institutions, and even man himself. One of the main reasons for change is the problem of expansion, and Jesuit High School has been no exception to the fact. Since the College of the Immaculate Conception (now known as Jesuit) began as an educational institution in 1847, it has experienced several changes not only to its location but also to its outer and inner appearances.

One such alteration to the exterior of the school was the removal of the old gymnasium, affectionately referred to as "The Barn" (due to its appearance), and the bike shed, both buildings having stood where the student chapel and auditorium are now located. "The Barn" was replaced in 1957 by the still existing gymnasium on Banks Street. The funds for this project were raised by both Fr. Crane during his term as rector and by alumnist Jimmy Fitzmorris. For the next two decades the school underwent few physical changes until the Resource Center was added in 1975. This addition provided for more classroom space, a T.V. studio, and the Hall of Honors.

As of late the school has experienced many internal changes. The beginning of the 1981-1982 school year saw the arrival of several new faculty members. Throughout the year and into the summer, work crews renovated the residence and the administrative offices on the first floor in order to satisfy the demand for more classrooms, and as a result the priests' living quarters were moved to the upper three floors of the building. The school year drew to a close with the announcement that Fr. John Kaack was to leave during the summer to continue his studies and that Fr. Anthony McGinn, a Jesuit graduate of the Class of 1966, would become the principal of the 1982-1983 school year.

Piles were driven to ensure a sturdy foundation for the 1953 addition.

BABY: Here's your chance to get around the way *I* do, Mom! You'll find a baby's life isn't all pink ribbon and lace!

MOM: But, honey! This is fun, *so* far!

BABY: Just wait, Mom. Hours of playing and wiggling around and all that stuff makes a baby's skin mighty uncomfortable. That is—unless his Mom uses Johnson's Baby Oil and Johnson's Baby Powder on him!

MOM: Hey! Could you be hinting that I've slipped up? *Me?*

October 1945 Good Housekeeping

"Mom...you should get around more!"

BABY: 'Fraid so, Mom. Us babies need Johnson's nice, pure Baby Oil—to keep us petal-soft and help prevent what the doctor calls "urine irritation." Plus Johnson's silky Baby Powder for times when chafes and prickles turn us into crybabies.

MOM: Say no more, sugarplum! I get the idea—and *you* get the Johnson's!

BABY: That's the spirit, Mom! With Johnson's Oil and Powder, I'll be the smoothest thing ever seen outside a rose garden.
